## TOWN CLERK'S REPORT

---

### WARRANT FOR ANNUAL TOWN MEETING

Monday, March 2, 1959

### THE COMMONWEALTH OF MASSACHUSETTS

Norfolk, ss.

To Either of the Constables of Plainville,

Greeting:

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of the Town of Plainville qualified to vote in Town Affairs. to meet in the Elementary School Auditorium in said Plainville on

MONDAY. THE SECOND DAY OF MARCH, 1959, A.D.

at six-thirty o'clock in the forenoon, then and there to act on the following Articles, viz:

Article 1. The following Town Officers to be chosen by ballot viz: One Town Clerk, one Auditor, one Moderator, one Tree Warden, and three Constables for one year. One Selectman, Board of Public Welfare, one Assessor, one Tax Collector, one Town Treasurer, one Water Commissioner, one Trustee of the Public Library, one Park Commissioner, and two members of the School Committee for three years. One member of the Planning Board for five years. Seven members of the Finance Committee, three for three years, two for two years, and two for one year.

#### Question 1.

"Shall an act passed by the General Court in the current year entitled 'An Act providing for life tenure for Elmer C. Pease, the chief of police of the Town of Plainville', be accepted."

#### SUMMARY.

The tenure of office of Elmer C. Pease, incumbent of the office of chief of police in the Town of Plainville, shall upon the effective date of this act, be unlimited to 65th birthday. Said incumbent shall not be removed from office, lowered in rank or suspended, except for just cause and for reasons specifically given him in writing by the Board of Selectmen.

For this purpose the polls will open at 6:30 o'clock in the forenoon and shall be closed at 8:00 P. M. in the evening.

For the consideration of all other articles in this Warrant the meeting shall stand adjourned to the third Monday in March at 7:30 p.m. in the Auditorium of the Elementary School on South Street in said town.

Article 2. To choose all other necessary Town Officers not named in Article 1, for a term of one year.

Article 3. To consider and act on the reports of the Selectmen, Treasurer, and other Town Officers.

Article 4. To see if the Town will vote to accept the provisions of Chapter 81 of the General Laws.

Article 5. To see if the Town will vote to fix the salary and compensation of all elective officers of the Town as provided by Section 108 of Chapter 41, General Laws, as amended, as follows:

Moderator	\$25.00 each Annual Meeting
	\$15.00 each Special Meeting
Town Clerk	\$500.00 per year
Town Treasurer	800.00 per year
Selectmen, Chairman	500.00 per year
Second Member	400.00 per year
Third Member	400.00 per year
Assessor, Chairman	600.00 per week
Second Member	600.00 per year
Third Member	600.00 per year
Tax Collector	800.00 per year
School Committee, Chairman	75.00 per year
School Committee, each member	60.00 per year
Water Commissioners, Chairman	150.00 per year
Second Member	150.00 per year

Third Member, Secretary	300.00 per year
Auditor	200.00 per year
Constables	1.50 per hour
Tree Warden	1.50 per hour

or do act in any manner relative thereto.

Article 6. To appropriate and raise by borrowing or otherwise such sums of money as may be required to defray Town charges for the financial year ending December 31, 1959 and expressly for the following purposes to wit:

1. For the support of the Public Library.
2. For the Selectmen's current expenses and salaries.
3. For the Treasurer's current expenses and salary.
4. For the Town Clerk's current expenses and salary.
5. For the Assessor's current expenses and salaries.
6. For the Tax Collector's current expenses and salary.
7. For the Board of Registrar's current expenses and salaries.
8. For the salary of Town Auditor.
9. For the Sealer of Weights and Measures' current expenses and salary.
10. For the Board of Health current expenses and salaries.
11. For the Wire Inspector, salary and expenses.
12. For the Building Inspector, salary and expenses.
13. For the Fire Department for current expenses and salaries.
14. For the Water Department incidentals, pumping and salaries.
15. For support of School and salaries of School Committee.
16. For the payment of Insurance.
17. For Veterans' Benefits.
18. For Highways and Bridges, center of Town.
19. For Memorial Day.
20. For interest on Temporary Loans and Maturing Debt.
21. For Police Department.

22. For Tree Warden.
23. For Removal of Snow.
24. For Park Commissioners.
25. Town Forest Committee.
26. For heating and maintenance of Fire Station and Town Office Building.
27. For maturing debt.
28. For Welfare Agent.
29. For Street Lights.
30. For Moth Department.
31. For Vocational Education.
32. For Regional School District Com.
33. For Planning Board.
34. For Industrial Development Committee.

Article 7. To see if the Town will vote to have the surety of the Collector of Taxes, Deputy Collector of Taxes, Treasurer, Town Clerk, Secretary of the Water Commissioners and Clerk of the Selectmen's bond placed with a fidelity or guarantee company, and appropriate a sum of money to pay for the same.

Article 8. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year, beginning January 1, 1960 and to issue a note or notes therefor, payable within one year and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Article 9. To see if the Town will vote to raise and appropriate a sum of money for a Reserve Fund to provide for the extraordinary unforeseen expenses, as authorized by Section 6, Chapter 40, General Laws, or do or act in any manner relative thereto.

Article 10. To see if the Town will vote to raise and appropriate a sum of money for the operation of Road Machinery, or do or act in any manner relative thereto.

Article 11. To see if the Town will vote to accept the provisions of Chapter 90 of the General Laws, and raise and appropriate or transfer from unappropriated available funds in the treasury, a sum of money for Chapter 90 Highway Maintenance, or do or act in any manner relative thereto.

Article 12. To see if the Town will vote to raise and appropriate or transfer from unappropriated available funds in the treasury, a sum of money for Chapter 81 Highways, or take any action in relation thereto.

Article 13. To see if the Town will vote to raise, appropriate or transfer from available funds in the Treasury, a sum of money for Chapter 90 Highway Construction (to start the laying out and construction of Taunton Street, from Route 1 to the Wrentham line), or do or act in any manner relative thereto.

Article 14. To see if the Town will vote to raise and appropriate a sum of money to be used to pay land damages incurred by the widening of Taunton Street, or do or act in any manner relative thereto.

Article 15. To see whether or not the Town will vote to authorize the Water Commissioners of the Town of Plainville to lay water mains of not less than six (6) inches but less than sixteen (16) inches in diameter in East Bacon Street and Messenger Street easterly from the present stand pipe to Taunton Street, about 6,300 feet and to raise and appropriate for this purpose a sum not to exceed \$82,500.00 and to determine the manner in which the foregoing appropriation shall be raised, whether by taxation or borrowing, by transfer of available funds or otherwise, or do or act in any manner relative thereto.

Article 16. To see if the Town will vote to raise and appropriate the sum of \$4,800.00 or any other sum for repairs and maintenance to the water storage tank off East Bacon Street, or do or act in any manner relative thereto.

Article 17. To see if the Town will vote to transfer the sum of \$1,000.00 from the Water Revenue Account to the Water Department Reserve Account, or do or act in any manner relative thereto.

Article 18. To see if the Town will vote to raise and appropriate the sum of \$250.00 or any other sum for the relocation of the hydrant at the corner of West Bacon Street and Walnut Street, or do or act in any manner relative thereto.

Article 19. To see if the Town will vote to raise and appropriate a sum of money to be used to pay additional land damages on George Street, awarded by the County Commissioners to Adoraz, Inc., or do or act in any manner relative thereto.

Article 20. To see if the Town will vote to raise and appropriate, or transfer, the sum of \$1,294.11 or any other sum for the control of insects and Dutch Elm Disease (\$1,000.00 for Dutch Elm Disease and \$294.11 for insect control) as provided for under Chapter 132 of the General Laws as amended by Chapter 657 Acts of 1956, and to be expended under the direction of the Moth Superintendent, or do or act in any manner relative thereto.

Article 21. To see if the Town will vote to raise and appropriate the sum of \$2,719.60, this being the amount apportioned to Plainville as its share of the cost of the Norfolk County Retirement System, or do or act in any manner relative thereto.

Article 22. To see if the Town will vote to raise and appropriate the sum of \$23,000.00 for the carrying on of the different categories of Welfare, made up approximately as follows:

General Welfare	\$2,500.00
Aid Dependent Children	\$1,000.00
Old Age Assistance	\$16,500.00
Disabled Persons	\$3,000.00

or do or act in any manner relative thereto.

Article 23. To see if the Town will vote to raise and appropriate the sum of \$200.00 or any other sum, for the purchase and installation of street and traffic signs, or do or act in any manner relative thereto.

Article 24. To see if the Town will vote to raise and appropriate a sum of money for the treatment of tuberculosis patients having a legal settlement in this town as provided for by Chapter 270, Acts of 1952, repealing Chapter 562 of the Acts of 1951, or do or act in any manner relative thereto.

Article 25. To see if the Town will vote to raise and appropriate a sum of money for Civilian Defense, or do or act in any manner relative thereto.

Article 26. To see if the Town will vote to raise and appropriate the sum of \$2,000.00 or any other sum to continue the new sidewalk program, or do or act in any manner relative thereto.

Article 27. To see if the Town will vote to raise and appropriate the sum of \$2,200.00 or any other sum to continue the drainage program, or do or act in any manner relative thereto.

Article 28. To see if the Town will vote to authorize the Board of Selectmen to sell, demolish or otherwise dispose of the former school buildings on the easterly side of South Street, upon such terms and conditions and at such price as they may deem reasonable and proper, and raise and appropriate a sum of money for this purpose, or do or act in any manner relative thereto.

Article 29. To see if the Town will vote to authorize the Board of Selectmen to sell the land, or any part thereof, and buildings formerly used for school purposes on the southeast corner of School and South Streets, upon such terms and conditions and at such price as they may deem reasonable and proper, or do or act in any manner relative thereto.

Article 30. To see if the Town will vote to raise and appropriate the sum \$2,000.00 for the purpose of starting a new system of Assessor's Maps and any monies not expended from year to year to be carried over each year until maps are completed, or do or act in any manner relative thereto.

Article 31. To see if the Town will vote to amend Article XVII of the Soil, Loam, Sand or Gravel Removal By-Laws by adding the following section, or do or act in any manner relative thereto. 2/3 vote

Section 5. Owners of land in Plainville which has been or may hereafter be excavated to erect barriers or take other suitable measures as approved by the Board of Selectmen within five days after such owners have been notified in writing by the Selectmen that in their opinion such excavation constitutes a hazard to the public safety.

Penalty. The penalty for violation of this By-Law shall be One Hundred (\$100.) Dollars for the first offense and Two Hundred (\$200.) Dollars for each subsequent offense. (In accordance with Chapter 40 Section 21 of the General Laws.)

Article 32. To see if the Town will vote to Amend Article XV of the Police Regulations of the By-Laws by adding the following section, or do or act in any manner relative thereto. 2/3 vote

Section 17. Owners of land whereon is located an abandoned or a well in use, to provide either a covering for such well capable of sustaining a weight of three hundred (300) pounds or to fill the same to the level of the ground.

Penalty. The penalty for violation of this By-Law shall be a fine of not less than One Hundred (\$100.) dollars nor more than Five Hundred (\$500.) dollars. (In accordance with Chapter 40 Section 21 of the General Laws)

Article 33. To see if the Town will vote to amend Article IV of the Town Officers and Records By-Law by adding the following Section, or do or act in any manner relative thereto.

Section 15. No town officer or board of town officers having the power or authority to appoint any town officer or agent shall appoint himself or any member of such board to any salaried office or position; but this shall not prevent any town officer from being chairman or clerk of the board of which he may be a member.

Article 34. To see if the Town will vote to amend Article VI of the Treasurer's By-Laws by adding the following section, or do or act in any manner relative thereto.

Section 5. The Town Treasurer shall have the custody, management and sale of all lands for taxes after the title of the Town has become absolute by the foreclosure of the right of redemption according to the law. And he is authorized and empowered with the approval of the Board of Selectmen, in the name and on behalf of the Town to sell and convey such lands and to execute, acknowledge and deliver proper deeds for that purpose. 2/3 vote

Article 35. To see if the town will vote to amend the Building By-Laws by adding the following article: No part of a garage unless contained within the body of a dwelling shall be built within 20 feet or a distance equal to 35% of the main depth of the lot, whichever is less, from the front line of the lot, or do or act in any manner relative thereto. 2/3 vote

Article 36. To see if the town will vote to amend the Building By-Laws by adding the following article: No portion of a dwelling except the eaves, down-spout and uncovered steps shall be built or erected within 20 feet from the nearest exterior line of any public way or any private way shown on a plan approved by the Board of Selectmen or its successors, or of a way open for public use, or do or act in any manner relative thereto. 2/3 vote

Article 37. To see if the town will vote to amend the Building By-Laws by adding the following article: No portion of a building, except as provided for dwelling houses as set out in Article 36 of these By-Laws, and for garages as set out in Article 35 with the exception of eaves of a roof, down-spouts, and covered steps, shall be built or erected nearer than 15 feet from the

nearest exterior line of any public or private way shown on a plan approved by the Board of Selectmen or its successors, or of a way open for public use, or do or act in any manner relative thereto. 2/3 vote

Article 38. To see if the town will vote to amend the Building By-Laws by adding the following article: No dwelling shall be here-after built, erected or placed on lots of not less than 15,000 square feet with a minimum frontage of 125 feet, except as provided in the following article, or do or act in any manner relative thereto. 2/3 vote

Article 39. To see if the town will vote to amend the Building By-Laws by adding the following article: The Board of Appeals as provided by Article 1 Section 1A of Town By-Laws, after hearing may direct the Inspector of Buildings to issue permits for the construction, or placing, of dwelling houses upon any lots less than 15,000 square feet within 125 feet minimum frontage, subject however to the other requirements of these by-laws and provided: Such lot on the effective date hereof and any time hereafter does not adjoin other land of the same owner available for use in connection with said lot, or do or act in any manner relative thereto. 2/3 vote

Article 40. To choose any committee and to hear the report of any committee and act thereon.

And you are directed to serve this Warrant, by posting up attested copies thereof in seven (7) Public places in said town, seven (7) days at least before the time of holding said meeting.

Hereof fail not, and make due return of this Warrant with your doings thereon, to the Town Clerk, at or before the time and place of said meeting as aforesaid.

Given under our hands this sixth day of February in the year of our Lord one thousand nine hundred and fifty-nine.

LeROY B. WILSON

CHARLES O. PEASLEY  
Temporary Town Clerk.

EARL B. THOMPSON  
Warden.

**MINUTES OF ADJOURNED MEETING MARCH 16, 1959**

In the Elementary School, Plainville, Mass. at 7:30 p. m.

The voters were checked into the hall by voting lists. The list showed 186 men and 105 women, total 291.

The Moderator called the meeting to order at 7:30 p.m. and called upon Rev. Fr. Sammon for a short word of prayer.

The Moderator stated that if there were no objections the minutes of the Meeting of March 2, 1959, Election of officers would not be read. No objections.

The Moderator appointed the following as ballot clerks and counters: Left, Chester Coles, Arthur W. Washburn, Jr. Right, Burton Miller, Walter Fink. These men to act as ballot clerks also in the event of a ballot vote.

Town Clerk, Austin F. Grant was appointed ballot officer.

Article 1. Motion by Arthur W. Washburn, Jr. and unanimously voted that the following act as Measurers of Wood, Bark and Lumber for the ensuing year: George Snell, Francis W. Simmons, Alec H. Fredrickson and Everett Skinner.

Article 2. Motion by Arthur W. Washburn, Jr. and unanimously voted that the following named act as Fence Viewers and Field Drivers for the ensuing year: Clarence Avery, Ernest LaPorte and Everett Skinner.

Article 3. Motion by Robert Haseltine and unanimously voted that the reports of the Selectmen, Treasurer and other Town Officers be accepted as as printed. Mr. Arthur W. voted that No Action  
be taken on the Planning Board.
- Section 34. Motion by Frank Keegan and voted that the sum 450.00  
be raised and appropriated for the Industrial Development  
Commission.
- Article 7. Motion by H. Jefferson Cheever and unanimously  
voted that the sum of \$425.00  
be raised and appropriated for the bonding of Collector  
of taxes, Deputy Collector of Taxes, Treasurer, Town Clerk,  
Secretary of the Water Department and Clerk of the  
Selectmen.
- Article 8. Motion by Edward Osterholm and unanimously  
voted that the town authorize the Town Treasurer with the  
approval of the Board of Selectmen, to borrow money from  
time to time in anticipation of the revenue of the financial  
year, beginning January 1, 1960 and to issue a note or notes  
therefor, payable within one year and to renew any note or  
notes as may be given for a period of less than one year  
in accordance with Section 17, Chapter 44 of the General  
Laws.

Article 9. Motion by Robert Haseltine and voted that the sum  
of \$2,513.53  
be transferred from Overlay surplus and the sum of 1,000.00  
be transferred from Surplus Revenue for a Reserve Fund.

Article 10. Motion by Samuel Robison and unanimously  
voted that No Action  
be taken on Road Machinery Account.

Article 11. Motion by Everett W. Skinner and unanimously  
voted that the town accept the provisions of Chapter 90 of  
the General Laws, and raise and appropriate the sum of 1,050.00  
for the cost of the Town's share of Chapter 90 Highway  
maintenance and that in addition the sum of \$2,000.00 be  
transferred from unappropriated available funds in the  
Treasury to meet the State and County's share of the work,  
the reimbursement from the State and County to be restored  
upon their receipt to unappropriated available funds in  
the Treasury.

Article 12. Motion by Everett W. Skinner and unanimously  
voted that the town raise and appropriate the sum of 4,750.00  
to meet the Town's share of the cost of Chapter 81 High-  
ways, and that in addition the sum of \$9,900.00 be trans-  
ferred from unappropriated available funds in the Treasury  
to meet the State's share of the cost of the work. The  
reimbursement from the State to be restored upon the  
receipt to unappropriated available funds in the Treasury.

Article 13. Motion by Everett W. Skinner and unanimously  
voted that the town raise and appropriate the sum of 9,200.00  
to start laying out and construction of Taunton Street from  
Route 1 to the Wrentham line, under Chapter 90 of the  
General Laws. The money to be raised as follows: The  
Town's share of \$2,300.00 to be transferred from money  
received under Chapter 718 and the State and County's  
share \$6,900.00 to be transferred from unappropriated  
available funds in the Treasury. The reimbursement from  
the State and County to be restored upon their receipt to  
unappropriated available funds in the Treasury.

Article 14. Motion by Robert Haseltine and the sum of 266.00  
be raised and appropriated to pay land damages incurred  
by the widening of Taunton Street and so voted.

- Article 15. Motion by Samuel Robison that No Action  
be taken on this article. (Water Mains E. Bacon and Messenger Sts.) Mr. Miles Hooker amended this article by requesting that a Ballot vote be taken. Vote on amendment not carried. Vote on original motion carried.
- Article 16. Motion by Jay Underhill that the sum of \$4,800.00  
be raised and appropriated for repairs and maintenance to the Water tank, and unanimously voted.
- Article 17. Motion by Jay Underhill that the sum of 1,000.00  
be transferred from the Water Revenue Account to the Water Department Reserve Account. This motion was amended by Robert Haseltine to read, that the Town raise and appropriate by taxation. The Moderator ruled that the original motion was out of order as these two accounts did not exist on the books. Motion by Frank Grzenda that action on this article be postponed in order for the Water Commissioners to present their motion in written form. Unanimously voted.
- Article 18. Motion by Stanley Cole that the sum of 250.00  
be raised and appropriated to relocate the hydrant at the corner of West Bacon and Walnut Streets. Mr. David Lomasney amended this article by transferring this amount from the Walnut Street Water Reserve Account. After some discussion Mr. Lomasney withdrew his motion and the vote on the original motion to raise and appropriate the sum of \$250. was unanimously voted.
- Article 19. Motion by Samuel Robison that the sum of 575.00  
be raised and appropriated to pay additional land damages on George Street, awarded to Adoraz Inc. by the County Commissioners. Not voted.
- Article 20. Motion by Mr. Frank Keegan that the sum of 600.00  
be raised and appropriated for the control of insects and Dutch Elm Disease. As the vote was doubted a standing vote was called which resulted, Yes 94, No 28. Motion carried.

- Article 21. Motion by Robert Haseltine and unanimously voted that the sum of 2,719.60 be raised and appropriated, this being the Town's share apportioned to Plainville for the Norfolk County Retirement System.
- Article 22. Motion by H. Jefferson Cheever that the sum of \$22,000.00 be raised and appropriated for the carrying on of different categories of Welfare. Mr. Robison asked that action on this motion be postponed until the Finance Committee could give the breakdown on the revised recommendation.
- Article 23. Motion by Stanley G. Cole that the sum of \$250.00 be raised and appropriated for the purchase and installation of street signs. Unanimously voted.
- Article 24. Motion by Samuel Robison that there be no action on this article. (T. B. Patients). Explanation being made that this article is being cared for under Board of Health appropriation.
- Article 25. Motion by Frank Keegan that the sum of \$250.00 be raised and appropriated for Civil Defense. Motion amended by Clarence Skinner, Jr. that the amount of \$740. be raised and appropriated for Civil Defense. Vote on amendment, Yes 63, No 79. Amendment Lost. Vote on original motion, so voted.  
Motion by Fred Stuart that Article 19 be reconsidered. As a two-thirds vote is required to bring up a reconsideration it was voted as follows, Yes 14, No 98. Motion not carried.
- Article 26. Motion by Frank Keegan that the sum of \$1,000.00 be raised and appropriated to continue the new sidewalk program. It was so voted.
- Article 27. Motion by Stanley G. Cole that the sum of 1,000.00 be raised and appropriated to continue the drainage program. Francis McCabe amended this motion to read, that the sum of \$2,200. or any other sum, to improve the drainage in the Harvard and Grant Street area. Mr. Keyes amended this motion by striking out the words "or any other sum". Vote on amendment to amendment, unanimous. Vote on amended amendment, so voted. 2,200.00

Motion by Arthur W. Washburn, Jr. that the meeting adjourn until Monday evening, March 23, 1959. Not voted. At this time the Finance Committee brought in their breakdown on revised recommendation.

General Welfare	\$2,500.00
Aid Dependent Children	1,000.00
Old Age Assistance	15,000.00
Disabled Persons	2,000.00
Total	22,000.00

Mr. Jay Underhill made a motion that Article 17 (Water Revenue Transfer) be laid on the table. So voted.

Article 28. Motion by Robert Haseltine that No Action  
 be taken. (Disposition of Old School Building). At this time Mr. Grzenda asked if the report of this committee could be read. Mr. Haseltine withdrew his motion of No Action and Mr. Grzenda read the report. Motion by Lyman H. Parmenter, Jr. that the sum of 3,400.00  
 be transferred from the Surplus Revenue account to demolish the school building, if and when needed. Motion by Fred Stuart that the report of the building committee be accepted as read. So voted. Vote on the question: So voted.

Article 29. Motion by Lyman Parmenter that the Town vote to authorize the Selectmen to sell the land, or any part thereof, and buildings formerly used for school purposes on the southeast corner of School and South Streets. Mr. Jay Clough amended this article to read, in its entirety, instead of any part thereof, for taxable purposes only.

Vote on amendment, not voted.

Mr. Frank Grzenda then amended the original motion, to be inserted after reasonable and proper, provided however, that the portion of land upon which the present Boy Scout headquarters is situated, (formerly known as the "Old Plainville Fire Barn") containing approximately 10,400 square feet with 80 feet abutting Spring Street and 130 feet abutting the land presently or formerly of Donald R. and Jane Perreault be retained by the Town for a period of at least twenty years for use by the Boy Scout troop or troops sponsored by organizations of the Town.

Vote on amended motion carried. Amended motion, so voted.

Mr. Gordon Proal made a motion that the meeting adjourn. Not carried. Motion by Reginald Keyes that Article 29 be reconsidered. Two-thirds vote required. Yes 3, No 75. Reconsideration defeated.

Meeting adjourned at 12:05 until Monday, March 30, 1959.

AUSTIN F. GRANT  
Town Clerk

The Third Part of the Adjourned Town Meeting was held Monday evening, March 30, 1959 in the Elementary School Auditorium. Meeting called to order at 7:30 p.m. by the Moderator. The voters were checked into the hall by the use of voting lists, the check showed 72 men and 29 women, total 101.

The moderator appointed the following counters: Right, Bancroft Austin, Bruce Hastings, Left, A. W. Washburn, Jr., Boyd Cheney, and Austin F. Grant, Town Clerk as Ballot Clerk.

As there were no objections the Moderator announced the minutes of the previous meetings would not be read.

Article 30. Motion by Samuel B. Robison that the sum of \$500. be raised and appropriated for the purpose of starting a new system of Assessor's Maps. Motion amended by Francis W. Simmons that this article be accepted as read: That the town vote to raise and appropriate the sum of \$2,000.00 for the purpose of starting a new system of Assessor's Maps and any monies not expended from year to year to be carried over each year until maps are completed. Vote on amendment carried.

Article 31. Motion by Roland C. Campbell that we accept this article as read: Amend Article XVII of the Soil, Loam, Sand or Gravel Removal By-Laws by adding the following sections:

Section 5. Owners of land in Plainville which has been or may hereafter be excavated to erect barriers or take other suitable measures as approved by the Board of Selectmen within five days after such owners have been notified in writing by the Selectmen that in their opinion such excavation constitutes a hazard to the public safety.

Penalty. The penalty for violation of this By-Law shall be One Hundred (\$100.) Dollars for the first offense and Two Hundred (\$200.) Dollars for each subsequent offense. (In accordance with Chapter 40 Section 21 of the General Laws.) Vote Yes 71, No 1.

Article 32. Motion by Roland C. Campbell that this article be accepted as read: To amend Article XV of the Police Regulations of the By-Laws by adding the following section.

Section 17. Owners of land whereon is located an abandoned or a well in use, to provide either a covering for such well capable of sustaining a weight of three hundred (300) pounds or to fill the same to the level of the ground.

Penalty. The penalty for violation of this By-Law shall be a fine of not less than One Hundred (\$100.) Dollars nor more than Five Hundred (\$500.) Dollars. (In accordance with Chapter 40 Section 21 of the General Laws.) Vote Yes 75, No 1.

At this time Joseph Wallace requested that reconsideration of Article 28 (Disposition of High School Building) be made. Request for reconsideration had been filed by Mr. Wallace previous to this meeting. Vote on reconsideration: Yes 1, No 59. Motion for reconsideration lost.

Article 33. Motion by Roland C. Campbell that this article be accepted as read: To amend Article IV of the Town Officers and Records By-Law by adding the following section.

Section 15. No town officer or board of town officers having the power or authority to appoint any town officer or agent shall appoint himself or any member of such board to any salaried office or position, but this does not prevent any town officer from being chairman or clerk of the board of which he may be a member.

This section was amended by Mr. Campbell by inserting before town officers or board of town officers the word 'elected'. Vote on amendment: Yes 6, No 16, amendment lost. Vote on original motion: Yes 20, No 24. Not carried.

Article 34. Motion by Roland C. Campbell and unanimously voted that Article VI of the Treasurer's By-Laws be amended by adding the following section:

Section 5. The Town Treasurer shall have the custody, management and sale of all lands for taxes after the title of the Town has become absolute by the foreclosure of the right of redemption according to the law. And he is authorized and empowered with the approval of the Board of Selectmen, in the name and on behalf of the Town to sell and convey such lands and to execute, acknowledge and deliver proper deeds for that purpose. Vote Yes 70, No 0.

Article 35. Motion by Roland C. Campbell that this article be accepted as read: To amend the Building By-Laws by adding the following article: No part of a garage unless contained within the body of a dwelling shall be built within 20 feet or a distance equal to 35% of the main depth of the lot, whichever is less, from the front line of the lot. Vote Yes 32, No 14. Motion carried.

Article 36. Motion by Roland C. Campbell that this article be accepted as read: To amend the Building By-Laws by adding the following article: No portion of a dwelling except the eaves, down-spout and uncovered steps shall be built or erected within 20 feet from the nearest exterior line of any public or any private way shown on a plan approved by the Board of Selectmen or its successors, or of a way open for public use. Vote Yes 22, No 9. Motion carried.

Article 37. Motion by Roland C. Campbell that this article be accepted as read: To amend the Building By-Laws by adding the following article: No portion of a building except as provided for dwelling houses as set out in Article 36 of these By-Laws and for garages as set out in Article 35 with the exception of eaves of a roof, down-spouts, and covered steps, shall be built or erected nearer than 15 feet from the nearest exterior line of any public or private way shown on a plan approved by the Board of Selectmen or its successors, or of a way open for public use. Vote Yes 29, No 4. Motion carried.

Article 38. Motion by Roland C. Campbell that this article be accepted as read: No dwelling shall be hereafter built, erected or placed on lots of not less than 15,000 square feet with a minimum frontage of 125 feet, except as provided in the following article.

Mr. William Simpson amended this article by eliminating the word 'not' before less than 15,000 square feet. Vote on amendment Yes 45, No 0. Amendment carried. Vote on amended motion Yes 68, No 2. Motion carried.

Article 39. Motion by Roland C. Campbell that this article be accepted as read: To amend the Building By-Laws by adding the following Article: The Board of Appeals as provided by Article 1 Section 1A of Town By-Laws, after hearing may direct the Inspector of Buildings to issue permits for the construction, or placing, of dwelling houses upon any lots less than 15,000 square feet within 125 feet minimum frontage subject however to the other requirements of these by-laws and provided: Such lot on the effective date hereof and any time hereafter does not adjoin other land of the same owner available for use in connection with said lot. Vote Yes 54, No 0.

Article 40. To choose any committee and hear the report of any committee and act thereon. Motion of Robert Haseltine the Finance Committee that a committee of five voters of the Town be appointed by the Finance Committee to review the salaries of all Town Officers listed in Article 5. This motion was amended by Daniel Malone to read: One member, not of the Finance Committee and one member not of the Board of Selectmen. After discussion Mr. Malone withdrew his amendment and vote on original motion was unanimous.

Motion by Frank Grzenda that the Committee appointed to determine the disposition of the Old Town Hall Building, having completed its report, be dissolved. This motion was amended to read, "With thanks." Unanimously voted. Meeting adjourned at 9:55 p. m.

AUSTIN F. GRANT  
Town Clerk

7:30 a.m.—NO SCHOOL—ALL DAY—ALL GRADES

**NO SCHOOL** news will be given over Radio Station WARA between  
7:15 and 8:00 a.m.

## REPORT OF THE SCHOOL COMMITTEE

---

To the Citizens of Plainville:

The Plainville School Committee presents the following report for the year 1959.

We feel that the first year of operation of a planned long-range maintenance program has been successful. This year, six classrooms, four toilets, the cafeteria and kitchen were repainted. It is the belief of the committee that refinishing a small area of the school each year is the most economical way to keep this fine new building in repair for many years to come. The amount expended approximates  $\frac{4}{10}$ ths of 1% of the total value of the building.

In the educational field, T. V. has continued to supplement our existing programs and this year the teaching of French by television has been added.

Homogeneous grouping, which started last year with the sixth grade, has been extended this year to the second and fifth grades. We feel that this benefits both the brilliant child and the one who needs more personal attention from the teacher.

The Testing Program as reported by Principal Rogers to the committee has proved of great benefit to the teachers in being able to work out this program for the good of the child.

The Plainville Teachers are to be commended for the curricula guides which have been worked out under the direction of Superintendent Sharp. These cover the subjects of Spelling, Social Studies and Science.

The School Library established last year continues to be a successful part of the school program. The committee wishes to thank those parents who have worked voluntarily to make it such a success.

With the aim in view of further organizing the School Department with a well-running business, job specifications and salary schedules have been set up for the lunchroom personnel, clerk and custodians.

Again this year, the committee was faced with a new State salary minimum. By act of the Legislature as of September 1, 1960, \$4,000 has been set as the minimum pay for teachers. The Plainville Committee has, therefore, adjusted the teachers' salary schedule to meet this obligation.

The committee feels that all departments of the school are working as a harmonious whole, and wishes to commend each and every one for their cooperation.

We wish, also, to thank other organizations - Town Officials, Town Service Departments, and any others who have helped in any way in the operation of the school.

Please study our budget carefully. It has been worked out to the best of our ability with both the interest of the students and the taxpayers in mind.

Your will find further reports on the operation of the school, and the curriculum, in the reports of Kenneth L. Sharp, Superintendent and John W. Rogers, Principal, which we urge you to study.

Respectfully submitted,

HELEN A. SMITH, Chairman

RAY P. FELIX, Secretaary

MARY V. PROAL

HARRY SCHOENING

CHARLES W. SEMPLE

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

-----

To the Plainville School Committee:

It is a pleasure to submit my fourth annual report as Superintendent of the Plainville Public Schools.

One of the most significant questions facing the superintendent and school committee today is "How long will the present classroom space be adequate?" In September 1960 all twenty available classrooms will be utilized by 527 pupils with twenty-five to thirty-one in each room. These figures, however, include only those who are now on our lists but not those who will enter our school during the year. Over the past few years, there has been a net gain of about nineteen during the school year. This will undoubtedly continue.

In September 1961, about 550 will be enrolled in Grades 1 - 6. It may be possible to house them satisfactorily in twenty rooms provided the gain from outside is not great. In 1962, the problem looks as though it should be grave and if present figures hold true, additional classroom space will be needed in the Fall of 1963 if not before. The following chart shows present enrollment and census figures projected to 1963-64. Let me stress that this does not take into account any net gain during the years shown.

Year	Grade						Total	% Gain
	1	2	3	4	5	6		
Sept. 1959	93	91	84	72	67	58	465	
Sept. 1960	120	93	91	84	72	67	527	13.3
Sept. 1961	90	120	93	91	84	72	550	4.5
Sept. 1962	116	90	120	93	91	84	594	8.0
Sept. 1963	108	116	90	120	93	91	618	4.1

(King Philip Regional School Grades 7-12)

Oct. 1, 1959: 316

From 1959 to 1963 the enrollment will show an increase of 32.9%. It would appear that now is the logical time to start serious consideration of a problem which a few years ago forced the town into double sessions.

In a study of budget figures over the past four years, it was interesting to note that the net amount to be expended by the town has actually decreased. After deducting the State reimbursements, the net amounts are as follows: 1956 (\$85,577.56); 1957 (\$80,578.69); 1958 (\$68,761.68); and 1959 (\$67,144.44).

Since the addition was put into use and our budgets have been for grades 1-6 only, our per pupil costs based on total budget and the number of pupils in school on October 1st of the budget year have been as follows: 1958 (\$246.30); 1959 (\$268.00); 1960 estimate (\$264.00). In review then, the net cost to the Town and the per pupil cost has decreased. These facts seem to be different from those generally expressed by the public.

It is important that we continually evaluate what we are doing for our pupils and how we are doing it. As we find weaknesses we strive within limitations of time and funds to strengthen them. A need for revising our courses of study was felt some three years ago. Since that time the faculty under the supervision of instructors from the Harvard-Boston University Extension, has completed curriculum guides in Language Arts and in Social Studies. This semester they are working on Science under Dr. John Read of Boston University. In addition we have used the services of a reading consultant provided by the supplier of our basic reading series. Reading demonstrations were given and teachers used the opportunity to discuss problems and techniques with her. Miss Elizabeth Byrne, Elementary Supervisor for the State Department of Education, has worked at the school checking the program and assisting teachers wherever needed. Her report showed a very favorable reaction to the work being done in the Elementary building.

It is hoped that those interested in the work of the Plainville Elementary School will read the reports of Mr. Rogers and the Supervisors. We are particularly pleased with the progress made in several areas; namely, French, Educational T. V., Homogeneous grouping, Parent-Teacher Conferences, Physical Education and the Library Program. These are comparatively new to the system and are being closely observed.

Progress in education, as in many other fields, is best made where teamwork exists. We feel that we have a capable team in this system. Parents, teachers, supervisors, custodians, cafeteria help and all others who work for the school are continually displaying this necessary quality of cooperativeness. This produces a desirable learning atmosphere and thus makes the work of all concerned more beneficial.

## PLAINVILLE ELEMENTARY SCHOOL

Mr. John W. Rogers, Principal

-----

As Teaching-Principal of the Plainville Elementary School, it is a pleasure to submit my second annual report.

Once again the school year has opened with an increase in the enrollment. There is now a total enrollment of 465 pupils within 18 classrooms — an increase of 20 pupils over last year.

Homogeneous grouping, the placing of children in groups according to their actual achievement during their school experience, which was first introduced in the sixth grade class of 1958-1959 proved to be extremely successful. In 7½ months of school the average achievement for the fast achievement group was 15 months, for the average achievement group 12 months, and for the slow achievement group 9 months. It appears from the facts available that the average achievement of a heterogeneous group, children placed in groups alphabetically or an equal number of boys and girls, is 8 months. Thus, it is definitely evident that the average achievement of the children in last year's sixth grade is higher than it would have been had they been grouped heterogeneously.

We feel the 9 months achievement for the slow achievement group was very good considering that these children were weak in their basic fundamentals. A great deal of time was spent with them on frequent drill and repetition in sight vocabulary, word building, phonics, arithmetic facts, spelling and language which would have been impossible with a heterogeneous group where there was a wide range of ability and achievement.

This year the children in grades two and five as well as grade six are grouped homogeneously. This plan has definitely been successful for our last year's sixth grade and we feel that this year it will be just as successful if not more so.

The Krauss-Webber physical fitness tests that were administered during October of 1958 were administered again during May of 1959. In October 1958, 180 out of 350 children who participated failed one test or more. This meant only 49 percent of the children in grades two through six passed

all the physical fitness tests. When the tests were administered again during May of 1959 only 61 out of the 350 failed one test or more. Therefore, after 8 months of a physical education program consisting of various body building exercises 83 percent of the children passed all tests.

This was a very definite improvement. We are continuing our physical education program this year and it is our goal in June to have every child possible pass all tests. Added features to our program this year consists of showers for the children in grades five and six and one hour of sports for the boys every Thursday afternoon from 2:30 to 3:30 under the supervision of Mr. Eugene Thayer.

The first Annual Field Day at the elementary school was held in the Spring of 1959. The children enjoyed a lunch of hot dogs, potato salad, potato chips, milk and ice cream under the shade of the trees on the school lawn. Many parents were in attendance and enjoyed the various activities demonstrated by the children of all grades.

The Talent Show sponsored by the Plainville Teachers' Club to raise funds for the purchase of books for the school library and to present a one hundred dollar scholarship to a King Philip Regional High School student was a complete success, thanks to the support of the parents and their friends. It is most gratifying to witness such cooperation between the home and the school.

The Spelling Curriculum Guide that was being prepared by our teachers at the beginning of the year has been completed. A copy of this guide was sent to the State Department of Education for approval. It is the opinion of an official of this department that our Spelling Curriculum is among the best to be found in the state.

The Parent-Teacher Association has purchased another television set for the elementary school. This television set has improved the efficiency of our Audio Visual program. Without this, it would have been almost impossible to schedule "Parlons Francais" into our curriculum. "Parlons Francais" is a program which brings the teaching of French into the classrooms of the elementary school. At present only the children in grades two, five and six that can spare the time from their regular school work are participating in this program. Grades two, five and six being grouped homogeneously were chosen for this program as we could more effectively pinpoint the children who could afford the time.

Many new books have been purchased for the elementary school library with the money donated by the Parent-Teacher Association and the Plainville Teachers' Club. There is still a need for additional books before our library will reach its full potential.

The library mothers as usual are doing an excellent job, not only in operating the library five afternoons a week but also in the purchasing and cataloging of new books. Without their assistance the library would not function as efficiently.

Parent-teacher conferences have been scheduled three times a year in order to keep the parents better informed as to their children's progress. These conferences will help the teachers help the children and the benefits gained by all concerned will be immeasurable.

The conferences scheduled in November of 1959 were a tremendous success. 98.6 percent of the parents of the pupils in grades one through six met with their children's teachers. It is hoped that future conferences will be as successful, but parents should feel free to make appointments with the teachers or school administrators at any time during the school year.

Play activity areas; such as, hopscotch, dodgeball, basketball, football, baseball and volley ball have been installed on the playground. As a result, the children have organized games during their recess periods.

I wish to extend my sincere thanks to all of those with whom I have had the pleasure of working. With their excellent cooperation my task as teaching-principal has been a gratifying one.

---

## ART

Miss Louise B. Spier, Supervisor

It is with pleasure that I submit my fifteenth annual report on the art activities of the Plainville Schools.

The art program has endeavored to give the pupils an opportunity to learn the basic principles of art, to experiment and use various art media, to develop skill and creative power, to appreciate and enjoy the beautiful.

The art supervisor's schedule has been increased to three full days to take care of the two additional grades. This arrangement has also made it possible to have fifteen minutes for art service which in addition to the fifteen minutes per day recess period makes a total of one hour per week. While this is not quite adequate, it is better than last year when there was no time for an art service period.

Last January, all grades saw the movie "Learning To Use Your Brush".

The Library Poster Contest in grade 1 through 6 was a successful project. It encouraged interest in our school library as well as developing ability to make a good poster. The P.T.A. gave the books which were awarded as grand prizes, one for each grade. 1st, 2nd and 3rd prize ribbon badges were given in each room through the courtesy of the Robbins Company of Attleboro. The grade prize winners are as follows:

Robert Miranda	Grade 1
Kathy Thibedeau	2
Donna Morin	3
Carolyn Goodman	4
Karen Preston	5
Linda Morrison	6

Interesting T.V. programs on Art for the 4th grade are given every Wednesday. The program is called "Lines and Shapes". Cut paper design, string prints, potato prints, finger painting, clay modeling, weaving and mosaics have been demonstrated.

My sincere thanks to Mr. Sharp, Mr. Rogers and to the teachers for the continued loyal and friendly cooperation. It is a pleasure to work with such an excellent staff and also to work with the children.

---

## MUSIC

### Mrs. Harriet F. Washburn, Supervisor of Vocal Music

Once more it is a pleasure to submit my annual report on the music accomplished in the past year in the Elementary School. Continued progress can be assured with the splendid enthusiasm and cooperation of the teachers and the children.

The music periods in all of the rooms are usually happy ones and as I go from one grade to the next the quality of tone, expression, ability to read and coordination are very noticeable.

The T. V. program, as presented on Channel 2 by Tony Salatin, was ably done and enjoyed by the children. They learned the songs he taught very quickly. It was fun to watch the folk dancers on that program and the children learned from watching professional dancers. The second graders used some of the favorite folk songs they learned as part of the Music Festival program.

We found that the Symphonets were an excellent help in learning to read music, thus carrying over into the regular work as well as in the study of another instrument. The work was so successful last year in the third grades that we are continuing it in the fourth grades this year and finding that the children are interested and doing well. Last year, Mrs. Kauffman and Mrs. Grant taught these instruments but this Fall Mrs. Kauffman is teaching the third graders and Mrs. Munroe the fourth graders. Much credit is due these teachers for the success of this project.

The two Glee Clubs — one of boys and one of girls — with fifteen minutes of practice a week, learned to sing well many songs of semi-classical music and seemed to enjoy their participation in this particular line.

Due to my illness last Spring I was unable to be present at the Music Festivals, but with the aforementioned cooperation of the teachers and children, the accompanying ability of a senior girl from King Philip Regional High School and Mrs. Anne Hawkins, the programs were most successful and a credit to all.

My deepest gratitude goes to children, teachers, Mrs. Andrews, Mr. Pothier, Mr. Smith, Mr. Rogers and Mr. Sharp for making the music program a success and my work very happy and soul-satisfying.

---

## INSTRUMENTAL MUSIC

### Dr. Warren S. Freeman, Supervisor

The instrumental music program in Plainville has moved forward this year with unusual success. Nearly 100 children are now enrolled in the

program. These include members of the advanced band, the beginners band, the baton twirling classes and our new accordion groups.

It is very encouraging to notice the large number of Plainville students who are enrolled in the King Philip Regional High School band. The excellent preparation which these players received in the Plainville instrumental music program makes this transition between the two schools in the music field a smooth one.

In the past year I have used Mr. George Coneconto, Mr. Frank Cubala and Mrs. David Horan to assist me in the instructional phases of the program. These young people have provided the opportunities to give a great deal of help to each one of the students in the program.

In addition to the regular school program, we have also inaugurated a new activity, a self-sustaining program of private and semi-private instruction on all instruments. This provided the necessary advanced training for those who have progressed to the point where the parents feel that additional private instruction is necessary. In a small community such as Plainville, no adequate instruction on the various instruments is available. Thus the school is able to serve as a means for which this instruction can be made available to the parents at a very low cost.

At this time I would like to express my personal appreciation to Mr. Sharp, the superintendent of schools; Mr. Rogers, the principal; and to all of the teachers for their unfailing cooperation in the overall development of our program.

---

#### SCHOOL PHYSICIAN

**Dr. John T. Cotter**

The examination of the students in the Elementary School is progressing satisfactorily. All new students have been examined.

The general health of the students is good. Enlarged and diseased tonsils and adenoids were the most prevalent findings again in the examinations conducted this year and these cases have been reported to the parents.

There have been no serious epidemics in the area during the past year.

One student has been referred to the State-conducted Speech Clinic and one student is continuing his attendance at the polio clinic with progress noted.

A Diphtheria prevention clinic was conducted in the Spring of 1959 and was fairly well attended. Triple and double antigen were used depending on the age of the child treated.

I wish to thank Mrs. Claudy, school nurse, for her able assistance to me in conducting these examinations and to thank the faculty for its cooperation.

---

### SCHOOL NURSE

Janet Claudy, R. N.

Early in the school year our school physician began his examinations of all pupils in grades one and four. These annual examinations, while scheduled to include only the boys and girls in these seven classrooms also serve to provide physical check-ups for any pupil who is recommended by parent or teacher. As is the custom, all parents will be notified of any abnormal physical findings.

During September all students were weighed and measured. This data is recorded on individual "health records" so that the rate of growth and development might be observed.

Dental examinations for every pupil took place during October. This annual survey is conducted by a qualified representative of the Massachusetts Health Department. No treatment is provided, but parents of children who are found to be in need of treatment are so advised. Parental cooperation has been excellent, and it is indeed gratifying to report on the excellent dental condition of our pupils.

Each pupil was given a hearing test during the first school semester and it is planned to conduct a similar program of vision tests for every student during the second semester. As a result of these hearing and vision tests, no treatment or diagnosis is ever made except by a child's family doctor.

A series of three immunization clinics was held in the health unit during the Spring of 1959 for children whose parents had requested these inoculations to provide immunization against diphtheria, whooping cough and tetanus. Similar inoculations will be provided during the Spring of 1960 for those requesting this form of treatment.

Because a child's scholastic progress is very definitely affected by his physical condition it has become increasingly essential to include many types of physical examinations in a school health program.

The success of such a program could not be achieved without the cooperation of pupils, parents, teachers and all school officials. My sincere thanks to all these individuals and to our school physician, Dr. John T. Cotter.

### CLOSING

Again, let me express a sincere appreciation to the members of the School Committee for their cooperation and assistance. Their understanding of school problems has helped to make what I would call a successful year.

Respectfully submitted,

KENNETH L. SHARP, Superintendent

### STATISTICS

#### Extracts from the School Census, October 1959

	Girls	Boys

Tree Warden.

## REPORT OF DUTCH ELM AND INSECT CONTROL

To the Honorable Board of Selectmen:

Gentlemen:

I herewith submit my report on Dutch Elm Control and Insect Control for the year ending December 31, 1959.

Appropriation	\$600.00
Labor	\$439.15
Bancroft's Inc., Taking down elms and taking samples	159.00
	-----
Expended	598.15
	-----
Balance	1.85

Respectfully submitted,

ALEC FREDRICKSON

Tree Warden.

## REPORT OF THE POLICE DEPARTMENT

To the Honorable Board of Selectmen:

Gentlemen:

I hereby present our annual report of the Police Department for the year ending December 31, 1959:

During the year 45 arrests were made. Crime against public order; 23. Crime against property; 21. Crime against persons; 1.

Complaints and investigations; 1,143.

Papers served for our department and for out-of-town departments: Summons; 51. Subpoena; 1. Warrants; 5. Jury Duty; 1.

Motor Vehicle accidents for year; 116. Persons injured; 48. Fatal; 2. During the year there were 273 doors and windows left opened.

Appropriation		\$14,520.00
Chief Ernest LaPorte	\$4,300.25	
Night Patrol, Sgt. Leon Parmenter	3,424.00	
Elmer C. Pease	1,089.75	
Saturday and Sunday days off	1,221.00	
New. England Tel. & Tel. Co.	505.16	
Church Traffic	233.50	
School Traffic	534.00	
Vacations	198.00	
Special Duty	494.35	
Wrentham Lock-up	100.00	
Dog Officer	150.00	
Gun Licenses	25.00	
General Supplies	292.30	
Cruiser	1,632.52	
New Equipment	319.90	
	-----	
Expended		\$14,519.73
		-----
Balance		\$ .27

During the year the cruiser has traveled 31,086 miles. We have had forty-nine (49) calls for the use of the emergency ambulance. In this instance we have taken, by doctor's request, persons to the following hospitals: Sturdy Memorial, Veteran's Hospital in Boston, Foxboro State Hospital, Roger's Nursing Home in Sheldonville and Plainville, Park Davis, Providence, R. I., Massachusetts General in Boston, and to the Pondville Hospital in Norfolk.

We greatly appreciate the help that the North Attleboro Police Department has given us by relaying messages and helping out in some of our cases. We also appreciate the aid of the Attleboro Police Department in our emergency runs to Sturdy Hospital.

We regret the illness of our former Chief of Police Elmer C. Pease, which forced his retirement June 24, 1959.

In conclusion, I wish to thank the members of the Department, the members of the Fire Department, the Board of Selectmen, and the various Town Officials, for their cooperation and assistance during the past year of 1959.

Respectfully submitted,

ERNEST LAPORTE,  
Chief of Police.

## REPORT OF TRUSTEES OF PUBLIC LIBRARY

To the Honorable Board of Selectmen:

Gentlemen:

One of the busiest establishments in Plainville during 1959 has been the public library. We have been visited by the kindergarten, several classes from the elementary school and at least one scout troop, in addition to the general public who often number fifty or more in an afternoon or evening. This activity is reflected in a circulation gain of approximately 18% over 1958. The library's services extend far beyond the lending of books. The amount of research done by students has surely doubled in the past year. These young people are learning that we have the information they need or we will make every attempt to get it for them, and that the library is a comfortable, pleasant place to study. Aside from the collection of books that we are building, two reasons for so many satisfied users of the library are our two librarians, Mrs. Richard Cobb and Mrs. Robert Cargill. These ladies are doing work worth far more than the slight remuneration they receive. The trustees are indeed thankful for librarians such as these.

During 1959 we have received more gifts than is possible to mention individually. They include books, both new and used, magazine subscriptions, items of historic interest and volunteer services among other things, for all of which we are most grateful. It is good to report that the Friends of the Library carried on their assistance with a sale of used books plus a lecture by the author, Scott Corbett; and as a result of these projects, they donated \$50. worth of new books to the library. Thank you, "Friends."

This year something over 200 new volumes were added to the library by our own purchases. We were also fortunate to secure a brand new edition of the Encyclopedia Americana bought with the balance of the Library Stabilization Fund. This tool has been most useful in supplementing the reference work done from the junior high through the adult level. When the need for reviews of current happenings became apparent, we subscribed to U.S. News & World Report. This along with all the magazines to which we subscribe is available for circulation.

As always we are eager to cooperate with the schools. This year we have worked with the elementary school buying some titles to correlate with the television library series which was viewed by the pupils. We have checked the books we own on the King Philip reading lists and have these on

hand to help the students. We have worked again with Girl Scouts on badges. There is a year round reading club in progress to stimulate reading interest among the boys and girls. Occasionally the librarians have been asked to speak to local groups. We are always happy to oblige these requests.

Looking to the future, we have several immediate needs. Of greatest importance is the need for more books to round our collection, for reference, and to add to our growing selection of popular reading for the adults of the community. We must continue our program of cataloguing so that our books will be of maximum use. The systematic maintenance program is vitally important to protect our investment and to keep our fine old building in the best possible condition. It is anticipated that funds will be available for the roof repairs this year. This is a necessity.

Eventually we foresee the growing need to be open more evenings and possibly Saturdays. We feel that very soon we shall have to pay the librarians at a better rate in order to maintain the excellent quality of work now being done. We also shall need new shelving as the collection grows and the old shelving weakens.

1959 has brought losses to the library. In April Mrs. Peter Kilham, who had been acting as librarian, moved to Providence. We are indebted to her for the fine work she did in the library. In December Mrs. Elmer Pease, for many years a trustee, signified that she would not seek reelection. Her service on the board should be regarded with gratitude by the entire community for in past years there were many times when the library might have closed permanently but for Mrs. Pease's effort and interest.

In conclusion may we thank the townspeople for their interest and cooperation and all those who in any way have helped to smooth the path of progress for the Plainville Public Library.

#### Schedule:

The library is open Monday through Friday from 2:30 to 5 P. M., and Monday and Wednesday evenings from 7 until 9.

#### Statistics For The Year:

## REPORT OF INSPECTOR OF SLAUGHTERING

To the Honorable Board of Selectmen:

Gentlemen:

I herewith submit my report as Inspector of Slaughtering for the year ending December 31, 1959.

The required monthly reports were sent to the State Department of Health.

Twenty-seven carcasses have been inspected and stamped.

Respectfully submitted,

EARL B. THOMPSON

Inspector of Slaughtering.

---

## REPORT OF INSPECTOR OF ANIMALS

To the Honorable Board of Selectmen:

Gentlemen:

I herewith submit my report as Inspector of Animals for the year ending December 31, 1959.

All cattle brought in from out of State were identified by ear tag and released.

The fall inspection asked for by the state was completed and report sent to the State.

Respectfully submitted,

EARL B. THOMPSON

Inspector of Animals.

**INSPECTOR OF MILK AND DAIRIES**

To the Honorable Board of Selectmen:

Gentlemen:

I herewith submit my report as Inspector of Milk and Dairies for the Town of Plainville for the year ending December 31, 1959.

Milk licenses issued	39 @ \$1.00	\$39.00
Cash paid Town Treasurer		\$39.00

Respectfully submitted,

EARL B. THOMPSON

Milk Inspector.

-----

**REPORT OF SANITATION INSPECTOR**

Board of Health  
Plainville, Mass.

Gentlemen:

Annual report of Inspector of eating and drinking establishments is herewith submitted for year 1959.

Regular frequent inspections and bacteria swab counts of utensils were made at all eating and drinking places in town, and recheck inspections and bacteria swab counts as found necessary.

Cooperation of operators has been found good in most cases, and general standards are constantly improving. Sterilization of eating and drinking utensils is constantly stressed as of prime importance in control of contagious disease and general sanitation.

Respectfully submitted,

PUTNAM STEELE,

Inspector of Eating & Drinking Establishments.

**REPORT OF THE NORFOLK COUNTY MOSQUITO CONTROL PROJECT**

To the Citizens of Plainville:

Submitted herewith is the report of the Norfolk County Mosquito Project of its activities in the Town of Plainville for the year ending December 31, 1959.

Aerial Spraying	637 Acres
Ground Spraying	653 Acres
Pre-hatching Dusting	43 Acres
Drainage	250 Feet
Brush Clearing	275 Feet
Culverts Cleaned	1 Culvert
Catch Basins Treated	94 Catch Basins

Respectfully submitted,

Superintendent.

JOHN C. KUSCHKE

-----

**REPORT OF VETERANS' AGENT**

To the Honorable Board of Selectmen:

Gentlemen:

I here-by present my report as Veteran's Agent for the year ending December 31, 1959.

I again wish to thank Mrs. Barton for her very able assistance which I appreciate highly.

Food	10.00	100%	re-embursements
Dues (Veterans Service Agents Assoc.)	-----		
Total	\$1,679.60		

Respectfully submitted,

HARRY E. COOPER

Veterans Agent.

### REPORT OF INSPECTOR OF WIRES

To the Honorable Board of Selectmen:

To the citizens of Plainville:

I submit herewith, my report as Inspector of Wires for the year 1959.

The trend toward "electrical living" becomes more pronounced each year, as homeowners welcome an increasing number of electrical appliances into their homes. Since electricity is a product tangible, only in the service it performs, the electric industry differs from all other industries. Electricity, actually must be made to order. Every time a person employs any of its thousands of applications, the home must have facilities large enough to meet the maximum demand. Continuing its notable vigorous growth of the last ten years, I cannot stress too strongly the importance of a good home wiring

system being a necessity. Even though a full supply of electricity is made available by the power company, the extent by which it can be used, in any home, is determined by its interior wiring. Air conditioning is rapidly being accepted for residential uses. Many of the newer units are designed to provide some heating as well. All require proper wiring facilities for satisfactory operation. The tangle of extension cords in countless homes, the frequent need to replace fuses, and dozens of similar conditions all result from the fact that home wiring has not kept pace with the progress of electrical utilization.

It has been my policy as your Inspector of Wires, to help guide the home owner, to determine conformance with safety regulations.

The year 1959 has been an active one. New home construction on the uptrend, along with new industry being located in this town. A total of 60 permits have been issued, with a sum of \$60.00 being returned to the Town Treasurer.

I am asking for a budget increase this year, so that even much more can be accomplished. New types of permits, completion certificates, etc. More emphasis will be placed on a wider range of inspection. A resistance type tester will be necessary to accomplish insulation tests, an essential item for this department.

We all have in mind, to cut down on the appropriations in order to keep the tax rate down. However, to carry out this essential work, will require a larger appropriation than in the past. To help off-set this increased cost, I have submitted in the town warrant, new by-laws and a new permit fee schedule. This would enable this department to eventually be self supporting.

I wish to express my appreciation to the Board of Selectmen, Lyman Parmenter, Leroy Wilson and Roland Campbell, Chief of the Fire Department, Clarence Skinner Jr. and Secretary to Town Clerk, Mrs. Clinton Barton for their willing and earnest cooperation. I should also like to extend my sincere thanks to Mr. George Hayes, Attorney Leland Welch, Worcester County Electric Co., and to the many electrical contractors for their assistance and cooperation during this past year.

Respectfully submitted,

STILLMAN SPRAGUE

Inspector of Wires.

## REPORT OF THE INDUSTRIAL DEVELOPMENT COMMISSION

To the Honorable Board of Selectmen:

Gentlemen:

The Industrial Development Commission was active during the past year in attempting to attract new Industry to the town.

Early in 1959, a great effort was made to induce a large Electronics Company to settle in Plainville. With seventy-five cities and towns competing for this new plant, Plainville lost out only because if the distance that their present employees would have had to travel to work here.

Our plans this year called for the survey of a large tract of town land to be used for Industrial purposes for which a major part of our appropriation had been budgeted. However, when it became known that the assessors planned to have the whole town surveyed, the commission decided to forego their survey. Therefore, most of our appropriation will be returned to the town.

The Commission was sorry to lose the services of its chairman, Robert J. Winn, who moved out of Plainville during the year.

The following firms located in town during the past year:

Northeast Concrete Products, Inc.

Howard Fiberglass Boats, Inc.

Kelley Brothers

Luff Truck Sales, Inc.

On behalf of the townspeople we wish these new firms the best of luck in Plainville.

The chairman would like to state that there are several vacancies on the Commission for any civic-minded individuals who are interested in the future growth of the town.

Appropriation:	\$450.00	
Expended:	18.00	
	-----	Bal. \$332.00

Respectfully submitted,

MELVIN F. DWYER, Chairman  
 FREDERICK M. SHERMAN  
 DONALD E. COOK  
 CLARENCE J. GAUTHIER  
 RAYMOND V. MILLER  
 S. ROBERT ADAMS

ROBERT O. MALIN

 FRANCIS SIMMONS  
 ROY WILSON

WILLIAM C. STIGALL

# REPORT OF THE BUILDING INSPECTOR

To the Honorable Board of Selectmen:

Gentlemen;

I herewith submit my report as Building Inspector for the Town of Plainville for the year ending December 31, 1959.

A total of ninety-one building permits were issued during this past year:

31	New dwelling permits	\$299,800.00
	Apartments	34,500.00
	Business Establishments	60,500.00
	Trailer Permits	21,075.00
	Miscellaneous	26,575.00
	Total	442,450.00

The total amount in fees collected for these permits was \$489.00.

The Building Inspector also has jurisdiction over some of the places of assembly, such as restaurants, bars and clubs, as their current permits from the Commonwealth expire. These inspections were made with the State Building Inspector, Mr. Joseph A. DiCicco, of the Department of Public Safety.

I would also like to take this opportunity to thank the Board of Selectmen, townspeople and contractors for their fine cooperation and courtesy.

Respectfully submitted,

CLINTON E. BARTON, SR.  
 Building Inspector

## REPORT OF WATER COMMISSIONERS

To the Honorable Board of Selectmen:

Gentlemen:

During 1959 the Water Department again enjoyed a quiet year as there were no major construction projects voted at the annual town meeting.

This year we installed additional meters in town at old as well as new locations and carried on our program of hydrant repair and maintenance which will continue to be done on a year to year basis.

Money was appropriated for maintenance of the water tank and the interior of the tank was cleaned and painted in a most satisfactory manner. Inspection of the interior of the tank showed it to be pitted quite severely over the entire surface. However, the tank will probably serve the town for an additional period of years and we trust that before too long the town will be able to construct its new tank.

We have again asked the townspeople to authorize the water commissioners to start on our most urgently needed reinforcements to our distribution system. However, this year there is an additional sum of money requested so that we may tie to the North Attleboro system on Kelley Boulevard to help them reinforce their system in that area. This project must be completed before we can think of installing our new well, or even constructing a new tank. The additional fire protection involved is of prime importance as well as the proximity of the new major highway to this area.

**REPORT OF THE PARK DEPARTMENT**

To the Honorable Board of Selectmen:

Our Town Park has again completed a program of summer activities for the children and a most successful season.

Opening the last week in June under the supervision of John Pomfret and Franklin Bartlett, who during the summer went into the service and was replaced by his brother, Wallace Bartlett, a complete program was carried out during the summer weeks in swimming and playground activities. The swimming pool was a most active spot, and certificates of achievement were issued by the Red Cross to all those who completed the swimming courses in the various classes. The attendance was exceptionally high during the summer with the average exceeding all previous totals. However, the evening attendance from an adult standpoint was extremely disappointing. We trust that this will improve as time goes on, inasmuch as the Town Park should be used to the fullest extent. We feel that our facilities have been increased to the point where there are attractions for all ages, and it is the sincere desire of the Park Commissioners to have as many people take advantage of these facilities as possible.

Improvements have been made again in the tennis court area by additions of a new permanent metal net and extensions to the back-stops. The parking lot and drives have been materially improved by the addition of more curbing. Landscaping is currently in progress around these areas, and we feel that the coming summer will show much improvement.

Because of the fact that the Little League has acquired a new playing area, it is our desire to repair our ball fields so that they will be satisfactory for use for Pony League and Softball for the coming summer.

To improve the flow of water in the swimming pool, the Park Department has this year included in its budget a sum of money to repair the dam across the river just below the point that is known as the wading pool. This would not in any way impair the normal flow of water in the river but would materially improve the even-flow of water through our pool.

Once more the special thanks of the Park Department go to Mrs. Ruth Rhind and her staff for their assistance in swimming instruction and tests, and also the many citizens and town officials who have so substantially lent their support throughout the year.

Respectfully submitted,

ROBERT J. FAWCETT  
AUSTIN F. GRANT  
DANIEL H. HUNT

## REPORT OF THE BOARD OF SELECTMEN

To the Citizens of Plainville:

The Plainville Board of Selectmen herewith submits its annual report for the year 1959.

Due to the pressure of private business, Mr. Paul Armstrong, Town Counsel for many years tendered his resignation to the Board. Mr. Charles R. Mason, was appointed to act as Town Counsel.

The bid for razing the Town Hall Building was awarded to William Schaefer and William Prew, of Plainville, for the amount of \$885.00. This contract was successfully completed in the specified time.

The Board of Selectmen adopted the "Open Meeting Law" covering all town departments under Chapter 626.

The Attorney General's office approved the Town By-Laws and amendments to Articles 31, 32 and 34 and Articles 35, 36, 37, 38 and 39 were later approved.

The Memorial Stone, which has been in place for several years in front of the Town Hall Building, was removed to a new location in front of the Legion property on South Street. The area around the new location was beautified, at no expense to the Town, and presents a very nice appearance.

The Board of Selectmen voted to sell a parcel of Town property, located on the west side of Route 1, and about opposite the Rudd-Murray property, consisting of fifteen acres and having about 600 foot frontage on Route 1, to Luff Truck Sales, Inc., for the sum of \$12,000.00

The Board also agreed to sell a piece of Town property consisting of 100 foot frontage and 200 feet in depth on South Street, directly north of the Perreault property, to the U. S. Government for a new post office. The price of the land was agreed upon at \$4,000.00.

The Board also voted to sell the balance of the Town land located in the triangle of George, Messenger and East Bacon Streets, to the Howard Fibreglass Boat Company, Inc., for the sum of \$1,500.00.

The Town of Plainville received title to the Cowell property on George Street and Cowell Street.

The printing of the Town Reports for 1959 was given to the Towne Press, of Franklin, Massachusetts, at a cost of \$6.30 per page.

The Plainville Board of Selectmen has had a very busy year and wish to take this opportunity to thank the Town Departments and the public in general for their splendid cooperation.

Respectfully submitted,

LEROY B. WILSON, Chairman

LYMAN H. PARMENTER, JR.

ROLAND C. CAMPBELL

Plainville Board of Selectmen

## REPORT OF TOWN COUNSEL

Board of Selectmen

Gentlemen:

I first wish to thank the Board of Selectmen for my appointment, and also to express my thanks to the Board and to all of the departmental heads for the consideration and cooperation afforded me in this first year.

The primary difficulty encountered was the lack of precedent and resultant lack of specific legal appropriations. This difficulty should be to a considerable degree, corrected by a specific appropriation in the next warrant.

There were no cases pending in any Court for or against the Town at the year's end.

Among the major items handled on behalf of the Town were the following:

Sales of land (2)  
Land Damage Settlement  
Hearings attended (6)  
Bids — Contracts — Bonds (3)  
Drainage Easement  
Post Office Transaction  
Opinions (6)  
Investigations (3)

Requests for opinions have been numerous, and to prevent duplication of effort, I suggest that requests for opinions, when possible, be drawn by the department involved and submitted in writing.

Several contracts were drawn pursuant to the practice of submitting to bids. Several items of controversy were settled without Court action. Indications are that there will be substantial work for the Town Counsel in 1960.

Respectfully submitted,

CHARLES R. MASON  
Town Counsel

---

## REPORT OF THE BOARD OF FIRE ENGINEERS

To the Honorable Board of Selectmen:

Calls for the services of the Fire Department have shown a marked increase over preceeding years as shown by the following statistics.

Building calls	21
Grass & Brush	82
Autos (Fire & Accidents)	11
Resuscitator	10
Rescue & First Aid	5
Lock-out	1
False Alarms	5
Practices	30
Flooded Cellars	4

Emergency Lights	1		
Misc.	16		
Total	186	Total 1958	158

Our Fire Alarm extension program was increased by the installation of two new alarm boxes. Box No. 118 was installed at the corner of School Street and Evergreen Road and Box No. 5 on the front of the Fire Station was replaced. A used Repeater Relay system was purchased and has been installed in the station. This allows the present system to be divided into four circuits which in turn will allow 3/4 of the system to be in operation if one line is out of order.

Engine 1, our 1948 Maxim, has been partially renovated to increase its usefulness but due to increased costs the project was not completed. We are requesting a sum of money for the completion of this in our 1960 budget.

We are again requesting that an Equipment Account be established with an appropriation made to such, each year, to help defray large expenditures for new equipment. At the present time we have a 1929 Reo Ladder Truck which needs replacing immediately and a 1942 Chevrolet Tank Truck that should be replaced in the near future.

We feel it is our duty as Fire Engineers to again bring before the people the necessity of a permanent day-time Department. Our day-time help situation is in a critical condition with very few able to respond. We therefore will ask at the Town Meeting that a committee of five, consisting of one member of the Board of Selectmen, one member of the Finance Committee, one member of the Board of Fire Engineers, and two to be appointed by the moderator be authorized to study the advisability of establishing a permanent Fire Department and to report such findings at the next Town Meeting.

We wish to thank you and all of those who helped and assisted our Department this past year.

Respectfully submitted,

CLARENCE E. SKINNER, Jr.

DONALD E. McALPINE

DAVID B. LOMASNEY

 REPORT OF THE DIRECTOR OF CIVIL DEFENSE

To the Honorable Board of Selectmen:

Gentlemen:

The local C.D. unit again proved its worth this year, especially during the large brush fire in the spring with both the Auxiliary Fire and Police assisting the regular forces, also, the Radio Unit was alerted for action if needed.

We have again obtained many articles from Surplus Property which have saved the Town a considerable amount of money.

I wish to thank your Board, the Chief of Police, and all members of the local Civil Defense Unit for the cooperation extended this past year.

Respectfully submitted,

CLARENCE E. SKINNER, Jr.

Director, Civil Defense

Appropriation: \$250.00

## Expended:

Surplus property	\$65.90	
Radio Equipment	96.23	
Printing	4.95	
Aux Police Badges	82.89	249.97
Balance		\$ .03

## REPORT OF THE PLAINVILLE BOARD OF HEALTH

A Polio Clinic was conducted by the Plainville Board of Health, under the direction of William Guillette, M. D., Town Physician, on June 23, 26 and the final clinic on July 28, 1959. A total of 324 shots were administered by Dr. Guillette, assisted by Mrs. Alfred Chabot, R. N., Mrs. Raymond Crowell, R. N. and Mrs. Harold Emerson, Nurse Aid. Mrs. Donald McAlpine and Mrs. Clinton Barton assisted in the registering. We also wish to thank the Senior Girl Scouts for their kind assistance during the first clinic. As a minimum fee of \$1.00 was charged these clinics were self-supporting.

Total expenses of the clinics were   \$285.88

Total fees collected                       276.00

Balance paid by Board of Health       9.88

A new garbage contract for three years was awarded to Eugene Gucwa, Plainville, commencing May 1, 1959 to April 30, 1962 for \$2,600.00 per year.

Under the provisions of Chapter 141, Acts of 1959, The Welfare Agent is now designated as Director of Public Welfare

Many complaints were investigated by members of the Board of Health during the past year. Mr. Putnam Steele, Sanitation Inspector, has been most helpful in his periodic inspection of all eating and drinking establishments in the Town.

On file with this Board the Dangerous Disease Records show the following;

Chicken Pox	26
Scarlet fever	5
German Measles	5
Mumps	1
Dog bites	22
Polio	1

The Board acknowledges the excellent cooperation of all Town departments during the past year.

Respectfully submitted,

LEROY B. WILSON, Chairman  
LYMAN H. PARMENTER, JR.  
ROLAND C. CAMPBELL  
Plainville Board of Health

### REPORT OF THE PLANNING BOARD

During the past year many plans were submitted to the board. Of these, all but one were the type not requiring approval. Requiring only endorsement, so the deeds could be registered at Dedham. All have been endorsed.

One plan, for a sub-division was submitted by Mr. William Young. This was for part two of his present sub-division on Elizabeth Street, off West Bacon Street.

After the necessary hearing and Planning Board rules and regulations had been complied with and approved by the other town departments, this plan was approved.

Respectfully submitted,

EDWARD A. HENRY  
FREDERICK SHERMAN  
CHARLES NOWICK  
RICHARD PLANTE

Plainville Planning Board

## REPORT OF THE HIGHWAY DEPARTMENT

To the Honorable Board of Selectmen:

Gentlemen:

The year 1959 was another busy year for the Highway Department. Due to the heavy frost a great deal of patching, graveling and surface treatment had to be done to maintain the roads. June, July and August were very wet months this year and this therefore hindered our surface treatment schedule. Catch basins were cleaned and minor drainage problems were taken care of satisfactorily.

The following streets were surface treated with one-quarter gallon per square yard of R. C. 2 asphalt with a sand cover; Warren Street, a distance of 5,200 feet; Fales Road, a distance of 1,056 feet; High Street from Hancock Street to Hawkins Street, a distance of 8,000 feet; Rhodes Street from High Street to Bow Street, a distance of 3,000 feet; Green Street, a distance of 750 feet; Lynn Avenue, 530 feet; Wade Road, 530 feet; Robbin Street, 581 feet; Fletcher Street, a distance of 2,640 feet; Riley Street, 500 feet; Walnut Street from High Street easterly, a distance of 6,200 feet; Grove Street, 2,700 feet; Hillside Road from Branch Avenue northerly a distance of 1,320 feet; Bartlett Road, 1,100 feet; Peterson Road, 780 feet; Mirimichi Street, from Taunton Street easterly, a distance of 4,118 feet; George Street from Route 1 to School Street, a distance of 2,100 feet and School Street from South Street to Pleasant Street, a distance of 950 feet.

Under Chapter 90 Maintenance last year's side drain on the northerly side of Route 106 hill was extended a distance of 130 feet. This consisted of 130 feet of twelve inch A. C. C. M. perforated pipe and one catch basin. Messenger Street from Taunton Street to the Foxboro Town Line was reshaped in sections and then surface treated. The first section from Taunton Street, a distance of 3,300 feet was surface treated with one-quarter gallon per square yard of R. C. 5 asphalt with a crushed stone cover.

The second section, a distance of 3,000 feet was treated with one-quarter gallon per square yard of R. C. 2 asphalt with a sand cover.

Under Chapter 90 Construction on George Street, the seal coat of asphalt on the last section was applied and the shoulder graveling and grading work completed. Also one catch basin and one man hole and 120 ft. of ten inch C. C.

pipe installed at the intersection of George Street and James Street. This completes the project from Messenger Street to Route 1.

Under Chapter 90 Construction on Taunton Street; due to the Department of Public Works not getting the job set-up until November, we were unable to accomplish much on this project this year, but will start early next spring.

We will ask for more money at the March Town Meeting to continue this project.

The drainage program consisted of building a large drain field off Harvard Street. A hole forty feet by sixty feet and twelve feet deep was dug out and filled with stones, and three man holes were installed for clean-outs. To date the drain field has worked out very well.

A smaller drain field was also installed at the end of Walter Street, several other catch basins were lowered and one new catch basin installed on Laurel Avenue.

There will be an article in the Warrant for Town Meeting calling for another appropriation to continue the drainage program in 1960.

Under the sidewalk program, 450 feet of Class I bituminous concrete walk was installed on School Street. Also, one inch of bituminous concrete was applied on a section of East Bacon Street sidewalk, a distance of 350 feet, where the old walk was broken up. We will again ask for an appropriation to continue this sidewalk program.

The wooden bridge on Mirimichi Street had to be replaced this past year.

The Old Cemetery on West Bacon Street was mowed and cleaned up during the summer months.

The Town Dump required a great deal of attention this past year. A REMINDER: when dump is cleaned off, please dump over the embankment.

It has been a pleasure to work for and with the other department heads during the year.

This year the Department is asking for an appropriation to replace their 1951 truck. This truck has over 90,000 miles and will require a great deal of repair if it is not traded this year.

In submitting this report, I wish to thank your Board and the members of this department for the cooperation shown during the year.

Respectfully submitted,

EVERETT W. SKINNER

Superintendent of Streets.

TREASURER'S REPORT

To the Honorable Board of Selectmen:

Gentlemen:

As directed by you, I submit herewith my report as Treasurer for the Town of Plainville, for the accounting period from January 1, 1959 to December 31, 1959. This report reflects all financial transactions during the period under review and is supported by the following schedules:

Schedule of Cash Received

Schedule of Cash Payments

Schedule of Estimated Receipts

Schedule of Appropriations, Balance carried forward, Transfers, amounts expended and unexpended balances.

Schedule of Maturing Debt and interest payments due by years.

Balance Sheet as at December 31, 1959, including Trust Accounts and Debt. Account.

Respectfully submitted,

EDWARD OSTERHOLM

Treasurer for the Town of Plainville.

Dated January 23, 1960

**Regular Meeting of the School District Committee**

Every second and fourth Tuesday at King Philip Regional High School  
at 7:30 p. m.

TO THE CITIZENS OF THE KING PHILIP REGIONAL  
SCHOOL DISTRICT:

We are pleased to report to you our progress for the year 1959.

We urge you to carefully study the individual reports as presented by our Administrators and Department Heads. We believe we have been successful in our efforts to provide a good educational program for the students in the District, at a reasonable cost to the Region.

We wish to assure you, the citizens of the Region, we will continue to evaluate our program in the future, and endeavor to maintain high standards in the King Philip Regional School.

We wish to thank our Administrators, Staff, Student Body, Local Newspapers, Citizens of the District and all others who have contributed to the welfare of our School during the past year.

Respectfully submitted,

HUGH McC. MARSHALL, Chairman  
King Philip Regional School District Committee.

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee and the Citizens of

King Philip Regional School District

May I present my third annual report as your Superintendent of Schools.

As has been the practice for many years, included in my general report are the reports of the Principal, Vocational Director, Supervisors, Department Chairmen, School Nurse, plus the usual tables and statistical data.

### Importance of the Classroom Teacher

The public school is one of the principal institutions provided by democratic society to guide and direct the growth of its young people toward the role of citizens. Together with the home and assisted by other agencies in the communities, the school provides activities designed to guide the all-round development of individual youth.

The school's prime resource by which these objectives will be realized is the classroom teacher. It is he who will plan and direct the objectives by which the individual's growth will be shaped; in the school it is he who will contribute most to the process of meeting the individual student's needs. To accomplish this he must know something of what the students are like as a group and as individuals; he must realize that each young person will have need of these skills, attitudes, and understandings to a different degree and that they can be met only through teaching that takes into account this individuality.

The teachers' salary schedule is presently on a par with some communities in this area. The teaching salary range at King Philip, as of September, 1960, is \$4,000 to \$6,400 on the bachelor's degree level and upwards to a maximum of \$6,700 on the master's degree. There seems to be no question as to the upward trend of teachers' salaries. King Philip must be prepared to move along with this trend in order to retain and obtain the most competent teachers for our children.

### Budget

What the district wants and what it is willing to pay for affect the scope and quality of curricular offerings that can be scheduled in the school. The amount of money available for the educational program determines the number

of curricular activities that may be offered. It determines the teacher-pupil ratio in the classroom, which affects directly the amount of attention each teacher can give to individual students and the degree to which she is able to teach wide ranges of abilities and interests. It determines the class and extra curricular load assigned to each teacher, and the extra time for planning and conferences with students. It will determine the number of specialists who can be employed to bring resources and assistance to classroom teachers. Perhaps most important, it determines the quality of teaching that can be secured by fixing the salaries that can be paid to teachers.

Through the far-sightedness of the School Committee the 1960 budget was closely scrutinized so that it is in keeping with what the districts wants and what it is willing to pay for.

The per-pupil cost for 1960, Grades 7-12, will be \$427.52 which is favorable with other regional districts of comparable size.

#### Enrollment

Elsewhere in this report you will find statistical data with reference to school enrollment. Since we opened the school in 1957 with an enrollment of 835, we are now at 1053, an increase of 218 pupils. Present census figures show that the enrollment will reach, by 1963, in grades 7-12, a figure of 1338. This figures does not take into consideration new housing developments and people moving within the district.

#### Conclusion

Education today is faced with numerous challenges — changes in the home, at work and in the use of leisure time. Proper use of natural resources, a smaller world, industrial economy, school enrollments, and education for all people are among those challenges that must be of sincere concern. And so, in our district, we must be continually alert, we must study and evaluate our curriculum, equipment and facilities. Constructive criticism and suggestions from all citizens and fellow educators are welcome.

In closing this report, may I express my sincere appreciation for the cooperation, understanding and help given me by the School Committee and organizations in the district. It has been a pleasure to carry out my responsibilities.

Respectfully submitted,

FREDERICK J. DELANEY

Superintendent of Schools.

REPORT OF THE PRINCIPAL OF KING PHILIP  
REGIONAL HIGH SCHOOL

To: The Superintendent of Schools  
Regional School Committee,  
Citizens of the District:

I am pleased to report real progress in carrying out the objectives of King Philip Regional High School.

The grouping of students so that they will have the opportunity for maximum achievement is proving to be of great value. The factual evidence of this is that the normal achievement for King Philip students is above the natural standing.

The levels of instruction have been expanded to include a new level. This level was created to help any student who was three or more years retarded on achievement. All parents were invited to have individual conferences so that they might know what the new level of instruction was designed to accomplish. The parents had the opportunity to decide whether they wanted their son or daughter to take part in the new level of instruction. The parent interest and cooperation is excellent and the students are making very satisfactory progress.

The Academic inventory for the class of 1960 has been completed. This shows what subjects had been taken and how many advanced courses completed.

The elective courses in Art, Crafts, Industrial Arts, Home Economics and Foreign Language have been reorganized so that they are limited to the 7 and 8 Grade level. The New System is less confusing to the 7th and 8th Grades and provides parent and student the opportunity to make a choice that will benefit the students' future program.

The Department Chairmen have done an outstanding job in planning and carrying out the program of activities for their respective departments. Monthly meetings are held with the Chairman to coordinate the activities of the school.

The Handbook for Teachers was completed and this gives the operating policy for the school. It also answers many questions that have been raised during the first two years of operation. All teachers have immediate reference to the operating policy.

The Student Council of the School is now organized and they have written and adopted a constitution. The Student Council Convention of Southeastern Massachusetts will be held at King Philip Regional High School during the month of April.

The sound film entitled "Library Service of the Future" has been completed. Copies of the film have been sold to the State Department of Education, the National Association of Libraries and Simmons College. The film was made a part of the course for the training of professional librarians at Simmons College. King Philip Regional High School has two copies and they are available for showing, free of charge, to any interested groups of the district.

The representative group of the students who were selected to take part in the first educational exchange have worked hard and have learned a lot in planning and carrying out this educational activity. The parents and all the people of the district can be proud of their young people as they take their educational activities beyond the classroom.

The evaluation of the program is scheduled for the Academic Year 1960-61. This will mean that we will get full accreditation from the New England Association of Secondary Schools and Colleges.

The cooperation and support of the Superintendent of Schools, Regional School Committee and Citizens of the District is greatly appreciated as we strive to improve the quality of education for the youth of the district.

Respectfully submitted,

WARREN H. PRESSLEY, Jr., Principal  
King Philip Regional High School.

## MUSIC DEPARTMENT

Raymond R. Hill, Director

The Music Program has progressed steadily during the past year. At the present time approximately one-half of the students enrolled at King Philip are participating in a music activity.

**General Music** — This is scheduled one period per week. General Music is required at the seventh grade level; and due largely to the excellent facilities and equipment available at the school, we are able to provide these first year students with a sound and diversified program. The course includes singing, theoretical subject material a program of listening and experience in a wide range of exploratory topics pertaining to music. At the present time we have seven General Music classes scheduled weekly.

**Instrumental Music** — The Band meets three times a week during the Activity period, and in addition to the full rehearsals the members are scheduled for heterogeneous instrumental class instruction during their study periods. During this past year the Band has been very active. The schedule of activities and performances include the following: The Spring concert; a trip to Dedham, Massachusetts to attend the Southeastern District Music Festival, where the members competed for the first time and received a final rating of "A" from the Adjudicator; the Memorial Day Parade in Plainville and Wrentham; a Concert at each of the elementary schools in Norfolk, Plainville and Wrentham; a Concert at the State School; the Graduation Exercises at King Philip which included Class Night, Baccalaureate and Graduation; performances at the football games both at home and away; participation in School assemblies; a Concert at the Massachusetts School Food Service Association Convention held at King Philip, and the Christmas Concert. Besides the Band which numbers sixty-three, we had to form a new instrumental group to provide instruction for the thirty-three seventh grade instrumentalists who came up from the elementary schools. This class meets one period per week.

**Choral Music** — The Choir is elective in Grades IX - XII, and up until June 1959, we had forty-two members. However, at the start of the school year in September the membership increased and the Choir now totals one hundred and ten students. This activity is scheduled to meet twice a week during the Activity period. The Choir participated in the Spring Concert, the Graduating Exercises at King Philip, and at the Christmas Concert. A

Junior Choir totaling one hundred and forty, seventh and eighth grade students was organized in September, and this group made its first appearance at the Christmas Concert.

In addition to the above, one music period per week has been scheduled for the Fourth Level Students. This program was specifically planned to meet the needs and interests of these pupils. It includes instrumental music, singing and music appreciation with particular emphasis on individual participation.

We have not been able to include an orchestra in the music program during this past year, but we did utilize the services of the available violinists, and in so doing the Concert Band had the experience of working with strings in performance of some of the more intricate and serious music. We are particularly proud of the fact that one of our musicians tried-out and was chosen to represent King Philip in the Greater Boston Youth Symphony Orchestra.

The Music Department feels that much has been accomplished in this past year, and we look to the future for continued growth both in the progress of the Music Program and the Educational Opportunities offered to the students at King Philip.

## READING PROGRAM

Alice E. Church, Chairman

Our development reading program is planned to help students raise their level of comprehension, increase and develop their vocabularies, increase their rate of reading, and to learn good study habits and methods.

The program under the direction of Mrs. Alice Church was offered to all eighth graders and twelfth graders two hours each week during the first two terms of the 1958-1959 school year. At the same time, seventh and ninth graders studied for one term as part of their language arts program. The last two terms of the same school year, the course was offered to upper and lower level tenth and eleventh graders. September to January, 1959-1960, the program has been offered to all seventh graders three hours per week.

The Controlled Reader is used to improve directional attack, vocabulary, comprehension, rate of reading, and to decrease the number of regressions.

The Tach-X is used to broaden eye span, develop visual memory, and preception. It is used, also, in vocabulary study and spelling.

The Reading Rate Accelerators have been used with some students to aid in increasing rate.

The textbooks and workbooks used are: Texts — "How to Become a Better Reader" and "How to Improve Your Reading" by Paul Witty; Workbooks — the Scott, Foresman "Basic Reading Skills for Junior High and High School." The graded S. R. A. Reading Laboratory is used to a great extent. Ward Miller's "Word Wealth" is used in the High School for vocabulary study.

All students are given the S. R. A. Diagnostic Reading Survey Test at the beginning of the course to discover individual student strengths and weaknesses in comprehension, rate, and vocabulary. A second form of the test is given at the end of the course to determine individual progress. This year the seventh graders were given the Personal Reading Record Tests between terms to again inventory their skills. The Iowa Tests are also given for further profiling.

The course will be offered to eighth graders and in the High School during the last two terms of the current school year. It is hoped that with the addition of another reading teacher and the further integration of the program in the language arts courses that all students will have an opportunity to become part of the projected study in smaller classes where more individual attention can be given.

Along with the development program a remedial program has been instituted this year. This remedial course is being offered once a week to all students in the level IV group. The program has been surprisingly well received.

Apart from individual and group improvement in the various reading skills, one most important result of the program is the growing awareness among the students of reading as a skill in itself and of its basic importance to the entire school curriculum.

## SOCIAL STUDIES DEPARTMENT

Erick Sargent, Chairman

This department offers a variety of courses which are geared to take the

child systematically from a history of the world up to a modern course in the history of the United States. At the same time we offer a number of elective courses for the student interested in specialized study.

An understanding of why things were done as they were and the effects of the past and present on our future are two of our basic aims.

## PHYSICAL EDUCATION DEPARTMENT

Elmer Silva, Director of Physical Education & Athletics

### Physical Education:

As reported last year the National A. A. U. physical fitness and proficiency tests were given to all students. Approximately 63% passed all phases and these students will receive certificates from the National Association for their excellent performance.

From the results of the A. A. U. tests and general observations of all grades, there is a definite need for more physical education classes for grades seven and eight. It is hoped that these two grades will receive three classes per week next year rather than the two now scheduled for all students.

Miss Frances Rich is our girl's instructor this year, replacing Miss Audry Palmer and Miss Gloria Vasile. She coaches all girls' interscholastic athletics, teaches all girls' physical education classes, and this year inaugurated a drill team which many of you might have seen performing so well at one of our football games.

As the enrollment at King Philip increases and the physical education classes grow larger the need of another instructor for both boys and girls becomes essential if more individual attention is to be given to the needs of all students.

This spring a demonstration of the winter program in physical education will be given. It is hoped many will attend to get first-hand information of what is being done in the physical education department.

### Athletics

Our athletic teams are improving and the spectator interest is improving but still leaves much to be desired. More and more students are attending

the athletic events but the adults of the district are very conspicuous by their lack of attendance at these functions.

The changes in the coaching staff this year are: Mr. Clarence Bennett, head football coach, resigned for a position with the Maine State Department of Education. We will all miss Coach Bennett but wish him well in his new venture in education. As yet no decision has been made for his replacement. The assistant coaches, Mr. John Robbins, and Mr. Michael Cosentino, did an excellent job with the boys in taking over the remainder of the season.

Mr. Walter Littlefield and Mr. Donald Horan, our assistant baseball coaches, have both moved to new teaching positions.

Mr. Robbins and Mr. Sargent will assist Mr. Cosentino in the development of our baseball program. Mr. Cosentino is also Assistant Ice Hockey Coach.

At the time of this writing our basketball and hockey teams are doing very well and it is hoped that all of you will make every effort in seeing both of these fine teams in action.

### **Health Education**

This phase of the education program is not in operation this year. It is hoped that the physical education staff will be increased so this important phase of the program can take its rightful place in the school curriculum.

### **Driver Education**

Classroom instruction in driver education is the only part of the program in operation this year. Behind-the-wheel instruction must be obtained by the student from commercial driving schools.

I have been very pleased with the cooperation which this department has received from other departments, the administration, and the Committee. We in the department look forward to continued growth in the fields of physical education and athletics.

## **FOREIGN LANGUAGE DEPARTMENT**

### **Robert Grant, Chairman**

Instruction in the modern languages of French, Spanish, and German is being accomplished with the following objectives being strived for:

1. Drill in the grammar and vocabulary of the language.
2. An acceptable pronunciation of the tongue.
3. Intensive drill and training in the spoken language, with constant repetition of French, German and Spanish idiomatic expressions — to enable the student to acquire a reasonable comprehension of the spoken tongue.
4. A reading knowledge of the language.
5. An ability to express oneself in writing in the language.

Instruction in Latin is being accomplished as above with the exception of the oral spoken part of the language, the emphasis being placed upon reading and comprehending Latin, and noting the derivation of many English words from their Latin mother.

#### BUSINESS DEPARTMENT

Helen Kelleher, Chairman

Enrollment in the Business Department showed a decided increase.

A new business subject, "Fundamentals of Business", was inaugurated to take the place of "Salesmanship". "Fundamentals of Business" includes the elements of salesmanship, business structures, a review of business English, business arithmetic, and a large unit on business law. This subject proved very successful and is being further developed in the current year.

The business graduates were in particular demand. All those who had satisfactorily completed the business course and wanted an office position were given a choice of several openings. Graduates were placed in local and Boston business firms.

#### MATHEMATICS DEPARTMENT

Edward J. Morgan, Chairman

The Mathematics Department has been efficiently working to fulfill the immediate aims of the Department in meeting the basic needs of the individual student. To attain these well stated aims, the program has been enriched with multiple opportunities for the student to gain a complete knowledge of the subject matter offered.

In these times of ever-increasing opportunities and the challenges offered in mathematics and allied fields, the Department will continue to introduce new subject areas of study wherever feasible. A course "Introduction to Calculus and Analytic Geometry" is now under consideration.

It is the purpose of each member of the Mathematics Department to give special assistance to each student whenever possible. Although the method of homogeneous grouping by levels has aided in the teaching process, the teachers themselves have effectively sub-divided their individual classes to give greater opportunities to each student.

Periodic meetings have helped to organize the Department into a team-regulating policy and better acquainting each member with the problems and attainments in each individual classroom.

#### VISUAL EDUCATION DEPARTMENT

Francis J. Gallipeau, Chairman

Use of materials and equipment — Approximately 3500 hours of use of Audio-Visual materials and equipment by teachers of King Philip Regional High School. This includes use of films, rented and free, filmstrips, opaque projector, overhead projector, phonographs and cameras.

Four (4) football films were taken this fall (approx. 2000 ft.)

One (1) basketball film (300 ft.) scheduled.

One (1) hockey film (300 ft.) scheduled.

One (1) baseball film (300 ft.) scheduled.

Films will be used by coaches for study and improvement of players and also for public relations.

The production of one (1) 15 minute 16 mm sound film showing the Health and Physical Education Program at King Philip Regional School is scheduled this winter under the direction of Mr. Elmer Silva, Director of Physical Education.

The photography Laboratory established last year is under complete operation. A nucleus of five students has been instructed in dark room procedure, and these, in turn, will train other interested pupils.

## LANGUAGE ARTS DEPARTMENT

**Grace W. Capron, Chairman**

It is the aim of the English Department to stress reading, speaking, writing, and listening, the basic skills, in all classes at all levels. The Reading program continues with special emphasis in grade seven. Films and records are used frequently in the study of literature. Reading reports, research papers, and reference work require the use of the library facilities. Creative writing is encouraged and some pupils have availed themselves of the opportunities to participate in several contests and have had original essays and poems printed in high school anthologies. Many special projects have been accomplished relating the importance of English to daily life. Excellent displays of pupil work have been featured in the cases in the bus lobby. Oral expression has been emphasized through prepared and impromptu panels and reports. Extra help is available to all pupils. Student activity has produced better study habits and greater interest in literature. A student teacher from Northeastern University has been an asset to this Department. After a period of observing, the student teaches classes under supervision.

## SCIENCE DEPARTMENT

**Anthony Paglione, Chairman**

Since education consists essentially in the achievement of advantageous adjustment to one's environment, today more than ever, science plays an important role in this adjustment.

Most science courses at King Philip are offered to all students in the three level program. Ninth grade students (level I) who would normally study General Science are encouraged to take College Biology. In the Natural Sciences (Biology, Chemistry, and Physics), "College" and "General" courses are offered. A "College" course differs from a "General" course in depth of subject matter and scientific terminology, otherwise the courses are alike in content.

Upon reaching grade 12 exceptional students may elect an advanced science course. At the present time Advanced Biology is offered.

In addition to General Science, Physics, Chemistry and Biology, Physical Science and Geological Science courses are offered as electives.

The Science Department is aware of the future needs of students and other advanced courses, such as Physics II (as proposed by the Physical Science Study Council) and Advanced Chemistry (Qualitative and Quantitative Analysis) are now being developed by members of the Science Department. All courses are progressing as scheduled and the Philosophical, Teaching and Course objectives are being followed.

## HOME ECONOMICS

Pauline Pfeffer, Chairman

The goals of the Home Economic Department are to help the students share efficiently and happily in their present family situations and to become capable and successful homemakers of the future.

In the complete curriculum, the classes were instructed in foods and nutrition, clothing construction, and wardrobe planning, personal grooming and family relations, baby sitting and child care, and a special Red Cross course of instruction in home nursing.

The culmination of the year's work occurred in June last year when over 250 garments and other articles constructed in classes were modeled in a fashion show written and planned by a student committee.

Senior girls had a fine opportunity when 49 of them competed in the nationwide Betty Crocker scholarship examination.

Field trips were planned for all classes to increase their knowledge of their subject field and stimulate interest in the career opportunities offered in the field of home economics. Trips were made to local markets to familiarize girls with prices and products available in this area.

The outstanding trip of the year was the visit to Symphony Hall in Boston for the Herald Traveler International Gas Cooking Festival. One hundred and twenty girls made the trip and many participated in the participated in the demonstrations in a favorable manner.

The vocational home economics girls received additional benefits from the course by planning and completing related home projects pertaining to all phases of home economics including such fields as laundering of modern fabrics, home improvements, and selection and care of home appliances.

Each girl worked in the school cafeteria and gained valuable experience in quantity cookery and preparation of food on a commercial basis.

Home visits were made to each girls' family in order to establish a better parent-teacher relationship. These visits enabled the teacher to establish how much learning is applied to good advantage in the home. The parents are very cooperative and pleased that their girls have the advantages offered in the vocational course. Their general knowledge about care of the home and family and their opportunities for careers in the variety of fields covered in this course will be advantageous to them throughout their life.

### GUIDANCE DEPARTMENT

John B. Davidson, Guidance Director

This past year, we feel, has been a year of progress in many aspects of our Guidance Program. Every student in grades 9 - 12 has been counseled at least once. However, students feel free to come whenever there is a need and at least 80% of the pupils of grades 9 - 12 do so. Grades 7 and 8 usually are referred to the Guidance Office by a teacher or parent. In the spring grade 8 will be counseled individually relative to course selections — a very important transition period to grade 9. More and more parents are availing themselves of the services that are given by this office.

In April, 1959 parents of grade 8 students were invited to attend a meeting with Guidance Personnel at which time the curriculum and cumulative record, which is an all inclusive and comprehensive picture of a student's personality and achievement, were discussed and an opportunity given for questions.

We, in cooperation with the business department, were able to place all the business students in the offices of well-known companies.

The office of Employment Security of Attleboro administered to all students, who were not going on to schools of higher education, the GATB (General Aptitude Test Battery) so they could avail themselves of employment opportunities if they desired.

Our follow-up of the class of June, 1959 indicates that 38% of that group pursued higher education. Many of the graduates are attending Brown University, Colby College, Boston College, Emmanuel, University of Massachusetts, Framingham, Bridgewater, Fitchburg Teachers College, Springfield

College, Oberlin College, Marietta College, Boston University, Lowell Tech, Plymouth Teachers College (N. H.), Wheaton College, Northeastern University, Wentworth Institute, Massachusetts General and Newton-Wellesley Hospitals, Massachusetts School of Pharmacy, El Camion Junior College (California), Dean Junior College, and many others. It is planned to follow-up a graduating class the first, third and fifth years out of school to get a better picture of how well a former student achieves, and also evaluate his own education in the light of higher education or work experience. This is a vital factor in constantly evaluating educational procedures in King Philip's curriculum and adjusting to an expanding and ever-changing society.

With the cooperation of Northeastern University we are able to sponsor six career conferences with 18 specialists in various fields of work. Students have an opportunity to learn of various areas of work by attending a conference of choice in which they show an interest. We have further availed ourselves of an expanded service made possible by Northeastern University by attending occupational conferences available to Guidance Counselors through the cooperation of business, industry, and health organizations.

This year the Guidance Personnel is visiting colleges in New England. To date most of the schools in Massachusetts have been contacted by personal visits. Among those visited were, Brandeis, Harvard, Radcliffe, Babson Institute of Business Administration, M.I.T., American International and Springfield Colleges, Lesley, Wheaton, Simmons, Emmanuel, Worcester Polytechnic Institute, Holy Cross, Assumption, Clark. Plans call for spring visitations to colleges in Maine, New Hampshire, Vermont, Connecticut, Rhode Island and those in western Massachusetts. We feel that much of value has been derived from these contacts relative to admission, scholarships available, changing requirements, and most important of all it has enabled us to tell about King Philip Regional High School and its program.

Our Testing Program, after three years of development, enables us to get objective test data which acquaints us to a greater degree with a student's potential. These test results are discussed with parents at their request and results are also made known to students. In grades 7 and 8 achievement and ability tests are administered. In grades 9 and 11 we give achievement tests, grade 10 mental ability, grade 11 Kuder Preference, grade 12 SCAT (School and College Ability Test). In addition we are giving National Education Development Tests, National Merit Scholarship Tests, Preliminary Scholastic Aptitude Tests, and special tests where appropriate.

New literature is always being added to the Guidance shelves and we feel our resources are above average in the realm of occupational, educational and reference material.

## HEALTH SERVICES

Margaret G. Keady, R. N.

Much progress has been made in the evaluation of student health needs and policy making during the past school year. A school nurse working alone carries out the nursing function in the school plus the administration and policy making of the School Health Program in co-operation with the School Superintendent, Principal, and the School Physicians. Policies established for Health Services at King Philip are as follows:

- I Medical Standing Orders endorsed by school physicians.
- II First Aid Manual for all teachers and non-teaching areas.
- III Furnishing and replenishing First Aid supplies.
- IV Arrangements for physician's visitations and scheduling for physical examination.
- V Policy for School Personnel Re: Health requirements set down by the Regional School Board.
- VI Policy for reporting illness by employee.

Nurse acts as a Liaison between School and Community.

- 1. Doctors and Dentists.
- 2. Hospitals and Clinics.
- 3. Visiting Nurses.
- 4. Boards of Health.
- 5. Mass. Vocational Rehabilitation Department.

Nurse works as a staff person.

- 1. Conference with teachers regarding physical and emotional needs of students.
- 2. Conferences with Superintendent and Principal regarding programs and clinics.
- 3. Nurse takes part in staff meetings.

In April, 1959 the King Philip Regional High School took part in the Mantoux Testing program in conjunction with the Town of Wrentham and sponsoring agencies.

In May, 1959 a Dental Survey was made by the Massachusetts Department of Dental Health to determine the dental needs of the students at King Philip. The results of the survey showed that on the whole our students have had good dental care. Further evaluation will be necessary to determine what can be done for those students needing assistance with Dental Health Problems.

Direct Service to Pupils:

1. Assist school doctors with physical examinations.
2. Routine examination given all grade 7 and 10 students and students participating in competitive sports.
3. Vision and Hearing tests.
4. First Aid.
5. Examination of pupil's sickness and communicable disease.
6. Health Education — groups and individual.
7. Hygiene and Nutrition.

Parent Contacts:

1. Phone.
2. Home visits.
3. Classes in "Home Hygiene and Care of Sick" arranged for mothers in the region.
4. Conferences at school.

Clerical Work — Reports to State Department:

1. Hearing and Vision.
2. Physical defects.
3. Annual report.
4. Health records on all students and school personnel.

The function of the school nurse has been outlined in an endeavor to increase the understanding of who and what make up a School Health Program. It is hoped that this report will show that the health and welfare of the school children is the concern of all members of the school staff but without the co-operation of the parents, local doctors, dentists, hospitals,

Boards of Health, and other community agencies the school Health Services would be ineffective. To all who have helped to make our King Philip Health services possible I am grateful.

## ART DEPARTMENT

Barbara Bracey, Chairman

Our original plan in regard to art classes at King Philip was to include art as a compulsory subject at the seventh and eighth grade level, as it was our belief that every child in this age group should be exposed to the experience of working in the field of the visual arts. We discovered in actual operation however, that because of the large enrollment in our school this arrangement was impractical, largely because it gave the upperclassmen little or no opportunity to participate in the course. In September of this year it was decided that because of this situation, art would be placed on an elective basis for all grades in order to provide time and space to include those students in grades nine through twelve who were interested.

Although for the majority of our students art is being offered from an appreciation standpoint, a number of students have expressed a desire to pursue some phase of art as a career and plan to further their education at a professional art school following graduation at King Philip. This I mention here because I feel it is an indication of real interest in the course.

Students who were interested in art only as a hobby or leisure time activity are beginning to realize the breadth and scope of the art field, and are thinking of it in terms of the close relationship that it bears to many other areas of every day living in regard to the individual, the home and the community.

The philosophy that we learn best by actually doing is being followed in the art classes. Even though many of our students will not seek careers in the art world, they will all be consumers of art and art products. If they know something of the scope of the visual arts, the theories involved, the methods employed, the materials used and some of the problems facing professional people in the field, they develop a keener sense of appreciation for beauty in all its forms both natural and that created by man. In addition they discover that many practical things in the way of general information which are applicable to and useful in many walks of life, can be gained by an experience of this kind.

This year we have been working primarily on basic fundamentals such as composition or arrangement, color theory, design principles, form proportion, etc., and learning how these rules apply to various types of subject matter. The work is usually introduced to the class through demonstrations or by some form of visual aid until it is understood by the group. Following this, charts and diagrams are often made as the first step. Then the students are assigned a problem that involves the application of the theory being studied with certain limitations which they must take into consideration and urged to use their own initiative and imagination to work out a solution in their own individual way.

In addition to the regular course of study the upperclassmen have been busily engaged in numerous extra-curricular activities some of which include posters for various school events, display units for show cases throughout the school, dance decorations for different occasions, decorations for graduation, program covers for senior play and our latest effort, a stain glass window decoration for Christmas this year which we displayed over the main lobby of the school during the holidays.

This in brief is what we have accomplished thus far in the art department at King Philip and we look forward to continuing progress in the future.

### INDUSTRIAL ARTS

Gilbert Rishton, Sr., Chairman

This department is organized as follows:

Woodworking	Gilbert Rishton, Sr.
Metal and Crafts	James Bachman
Mechanical Drawing	Richard Young

It will be noticed that a new field of work has been added to this department this year namely that of Crafts. Mr. Bachman will report concerning this subject.

### Woodworking

The number of boys in woodworking is as follows:

Grade 7	55 boys
Grade 8	54 boys
Grade 9	22 boys
Grades 10, 11, 12	24 boys

This program covers the two fields of woodworking and wood-finishing. The boys are given the opportunity to work with both hand-tools and machine tools. Our safety program governs the operation of machine tools and each boy is judged individually before being allowed to operate a machine.

To list the projects being made would be too much at this time. Many have been completed and the list would be large and varied as beginning projects, grade 7 made a small shelf while grade 8 made a choice from a list of six projects. Grade 9 boys were required to make a small magazine rack. The older boys had the opportunity to choose and plan their own projects. The objective in requiring younger and less experienced boys to do certain projects is to make sure they have the basic experience in woodworking.

### Metals & Crafts

The program is open to boys and girls, grades 7 - 12, on an elective basis. The average number of periods per week each student spends in the shop is three. There are ninety-five students (boys and girls) from grades 7 and 8 as well as sixty-two students (boys and girls) from 9 - 12.

Work is being done in the field of art metal, basketry, jewelry ware, leather, enamel ware, forge work, arc welding, lathe work and bench metal. From this work is derived such projects as hammered aluminum, copper dishes, bracelets, lamps, wall shelves, earrings, cufflinks, carved belts, wallets, key purses, coffee tables, chairs, cold chisels, hammers, screw drivers, and the like.

### Mechanical Drawing

We have been able to expand our Mechanical Drawing program by making more time available to High School students and to help them prepare for this technical age. The courses include Basic Mechanical Drawing for first year boys, Advanced Mechanical Drawing for second year boys, and a choice between Architectural and Machine drawing for third year boys. All students participate in blueprint reading practice and the making of the blueprints.

## VOCATIONAL SCHOOL

Preston I. Titus, Director

The enrollment in September, 1959 was at 72 pupils, which represents a maximum number for the capacity of the two shops. There were a few

applicants to the Carpentry Division that could not be admitted because of a full enrollment. All students were tested and screened before the selection made with the co-operation of the High School Principal and the Guidance Department.

The productivity of the two shops for the year amounted to \$7,488.03. There were 266 jobs completed by the Carpentry and Machine Shops during the year. These jobs consisted of some minor ones and others that were more extensive.

Some of the outstanding jobs that were done during the year are as follows:

The Carpentry students designed a one car garage and the plans for it were drawn in the related class room. The students estimated the cost of the job and made up a bill of material. In the spring, the Carpentry students constructed the building. This job also included the form work, concrete foundation, and floor. This project was done for one of the churches in the region.

There were also many other jobs that were done for the school departments within the region. At the King Philip Regional High School, the Carpentry students made shelving storage units for the Athletic Department and a music filing cabinet for the Music Department. Three large storage cabinets for drafting and visual aid equipment were also constructed for use in the Vocational Division of the King Philip Regional School.

Other shop projects were constructed in the shop for outside customers. These jobs ranged from specially milled fire place mantels and columns to bookcases and picnic tables, etc.

The Machine Shop made a tumbling bar as well as various small jobs for school departments within the district. A welding booth was made for use in the Machine Shop. Snow plow blades were made for the Regional School truck. Small replacement parts for machines in both shops were turned out by the Machine Shop students. Productive type Machine Shop work was completed for several outside industries. Some of these orders consisted of from 400 to 600 small parts.

The building jobs for the Carpentry Division and the productive type jobs from industry for the Machine Shop Division are invaluable as training material for the students. This type of work gives them the chance to do

actual work that will be expected of them when they graduate and enter industry to earn a living.

The Carpentry and Machine Shop Related classroom teachers are working closely with the shop teachers in correlating the jobs done in the shops. Drawing, mathematics and science for each shop project is analyzed and used for teaching in the classrooms. The English instructor is working with a course of study that is planned to be of most value to the Vocational School students. A special reading program is being used to help the students who are below average in their reading level to overcome this difficulty. As a student improves his reading, it reflects to his advantage in the other subjects he is required to take.

During this year we have taken every opportunity available to secure Government Surplus materials that can be used by the school department. We were able to purchase steel, brass and aluminum, which is used for training in the Machine Shop. We were also able to acquire a hardness tester and a surface plate. The cost of this equipment was only a fraction of what it would have been if it were to be purchased on the open market. We were also able to receive an Air Force surplus stake body truck at a token cost compared to its value. This truck has been used to great advantage by the Carpentry Division for the transportation of students and materials to outside jobs. When the truck is not being used by the Vocational School, it is used by the King Philip Custodial Department.

The equipment in the Carpentry and Machine Shops is adequate for instructional purposes. However, there are still accessories that should be added before some of the machines can be put to maximum use.

The Evening Trade Extension Adult Education program has been increased to three courses this year. We now have a Licensed Practical Nurse Up-grading Course, Machine Shop Practice, and House Carpentry. They are operating two evenings a week and will continue for a twenty week period. The applicants for the Licensed Practical Nurse Program were almost twice as many as could be accommodated. A tentative course is being planned for next fall.

The Vocational Division of the King Philip Regional School is functioning well and is doing its part in the overall educational program that is being offered in the Regional District. The Vocational Division wishes to thank the School Committee and the citizens of the district for the aid and co-operation extended to us. This has had much to do with the progress that has been made in the Vocational School this year.

## STUDENT ACTIVITIES FUND

	Balance	Receipts	Expenditures	Balance
	January 1, 1959	1959	1959	Dec. 31, 1959
Class of '59	\$ 204.50	\$ 762.95	\$ 967.45

## HOLIDAYS

Columbus Day

October 12

Teachers Convention

October 30

Veterans Day	November 11
Thanksgiving Recess	November 25 (noon) - 27
Christmas Vacation	December 23 (noon) 1 Jan. 1
Good Friday	April 15 - 18, 19 Spring Vacation
Memorial Day	May 30

Total number of school days according to the above is 182 days. The minimum allowed by the Department of Education is 180 days. This means that days lost due to bad weather or other causes must not exceed 2. Any days missed, in excess of 2, must be made up, probably by shortening the April vacation.

#### "NO SCHOOL" SIGNALS

The sirens in Wrentham, Sheldonville, Plainville and Norfolk fire stations will be used to sound the signal. The "No School" signal will be:

2 BLASTS — 4 TIMES

Signal will have the following meaning:

7:00 A. M. — Omit session in Grades 7 - 12

"No School" signals will be used only when weather conditions are unusually severe, or in cases of emergencies. The scattered population of the district and the extensive pupil transportation system make it necessary to sound the signal, if at all, a considerable time in advance of the opening hour of the school session. It occasionally happens that weather conditions which appear promising at the hour the signal should be sounded became severe by the time many pupils start for school. Parents are requested to use their own judgment in such cases as to whether or not your son or daughter should attend a school session.

When school sessions are to be called off because of weather conditions, announcement will be made over radio station, W B Z - Boston, and W A R A - Attleboro. Parents should tune their radios to these stations between 6:30 A. M. and 7:30 A. M., if in doubt as to whether or not school will be in session.

Should it become necessary to dismiss school before the usual closing time, announcement will be made over the same stations.

Apportionment and Payment of Costs Incurred by the District  
(Voted November 15, 1954 by member towns)

## Section IV Operating Costs

Operating costs shall be apportioned to the member towns annually in December for the ensuing calendar year on the basis of their respective enrollments in the regional district school. Each member town's share of the total operating expense shall be determined by multiplying the total of the budgeted operating costs to be apportioned, by a fraction, of which that town's pupil enrollment in the regional district school on October 1 of the year in which the apportionment is determined shall be the numerator, and the total pupil enrollment from all the member towns in the regional district school on the same date shall be the denominator; in the event that enrollment in the regional district school has not been accomplished by said date, on the basis of enrollment in grades 7 through 12 of pupils residing in each member town and receiving education at such town's expense as of October 1 of the preceding year.

## Operating Budget

Calculation of apportionment of operating expenses based upon enrollment in Grades 7 - 12 for each member town, as of October 1.

Member Town 1960	Enrollment Grades 7-12 as of Oct. 1, 1959	Percentage of Total	Total Operating Cost		Member Town's Share
Norfolk	255	24.22%	460,271.42	equal	111,477.74

Apportionment and Payment of Costs Incurred by the District  
(Voted November 15, 1954 by member towns)

CAPITAL COSTS

SECTION IV

Capital Costs shall be apportioned annually in December for the ensuing year as follows: Payment of principal of and interest on notes or other obligations issued by the regional school district to finance capital costs shall be apportioned to the member towns on the basis of the equalized valuation of such towns, as set forth in Chapter 559 of the Acts of 1945 entitled "An Act Establishing the Basis of Apportionment of State and County Taxes" or any later equalized valuations enacted by the General Court of the Commonwealth of Massachusetts in effect on the date the vote authorizing such bonds or other obligations became effective. Each member town's share shall be determined by computing to the nearest one-tenth of one per cent, the ratio which its equalized valuation bears to the total of the equalized valuations of all the member towns, and the ratio shall not be changed during the period such bonds or other obligations are outstanding, except as provided in Section VII. All other capital costs shall be so apportioned to the member towns on the basis of the last such equalized valuation of such towns enacted by said General Court which is in effect on the date on which such apportionment is so determined.

WARRANT  
FOR ANNUAL TOWN MEETING  
MONDAY, MARCH 7, 1960  
THE COMMONWEALTH OF MASSACHUSETTS

Norfolk, ss.

To Either of the Constables of Plainville,

Greetings:

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of the Town of Plainville qualified to vote in Town Affairs, to meet in the Elementary School Auditorium in said Plainville on

MONDAY, THE SEVENTH DAY OF MARCH 1960, A.D.

at six-thirty o'clock in the forenoon, then and there to act on the following articles, viz:

Article 1. The following Town Officers to be chosen by ballot viz: One Town Clerk, One Auditor, One Moderator, One Tree Warden and Three Constables for one year. One Selectman, Board of Public Welfare, One Assessor, One Trustee of the Public Library, one Park Commissioner and one member of the School Committee, for three years. Two Water Commissioners, one for three years, one for one year. Two members of the Regional School District Committee; one for three years, one for one year. Four members of the Finance Committee, one for one year, one for two years, and two for three years. Two members of the Planning Board; one for four years, and one for five years.

Question 1.

Shall the approval by the Board of Selectmen of the land of Saida Abizaid located on Washington Street, Route No. 1, Town of Plainville, County of Norfolk, Commonwealth of Massachusetts for a Race Track for dog racing meetings be ratified and confirmed?

Question 2.

Shall the approval by the Board of Selectmen of the land of Saida Abizaid located on Washington Street, Route No. 1, Town of Plainville, County of Norfolk, Commonwealth of Massachusetts for a Race Track for horse racing meetings be ratified and confirmed?

For this purpose the polls will open at six-thirty o'clock in the forenoon and shall be closed at 8:00 P.M. in the evening.

For the consideration of all other articles in this Warrant the meeting shall stand adjourned to the third Monday in March at 7:30 P.M. in the Auditorium of the Elementary School on South Street in said town.

ARTICLE 2. To choose all other necessary Town Officers not named in Article 1, for a term of one year.

ARTICLE 3. To consider and act on the reports of the Selectmen, Treasurer, and other Town Officers.

ARTICLE 4. To see if the Town will vote to accept the provisions of Chapter 81, of the General Laws.

ARTICLE 5. To see if the Town will vote to fix the salary and compensation of all elective officers of the Town as provided by Section 108 of Chapter 41, General Laws, as amended, as follows:

Moderator	\$15.00 each Meeting
	\$15.00 each Special Meeting
Town Clerk	\$ 500.00 per year
Town Treasurer	1,000.00 per year
Selectmen, Chairman	600.00 per year
Second Member	500.00 per year
Third Member	500.00 per year
Assessor, Chairman	700.00 per year
Second Member	700.00 per year
Third Member	700.00 per year
Tax Collector	1,000.00 per year
School Committee, Chairman	75.00 per year
School Committee, each member	60.00 per year
Water Commissioners, Chairman	200.00 per year
Second Member	200.00 per year
Third Member, Secretary	350.00 per year
Auditor	200.00 per year
Constables	1.50 per hour
Tree Warden	1.50 per hour

or do or act in any manner relative thereto.

ARTICLE 6. To appropriate and raise by borrowing or otherwise such sums of money as may be required to defray Town charges for the financial year ending December 31, 1960 and expressly for the following purposes to wit:

1. For the support of the Public Library.
2. For the Selectmen's current expenses and salaries.
3. For the Treasurer's current expenses and salary.
4. For the Town Clerk's current expenses and salary.
5. For the Assessor's current expenses and salaries.
6. For the Tax Collector's current expenses and salary.
7. For the Board of Registrar's current expenses and salaries.
8. For the salary of Town Auditor
9. For the Sealer of Weights and Measures' current expenses and salary.
10. For the Board of Health, current expenses and salaries.
11. For the Wire Inspector, salary and expenses.
12. For the Building Inspector, salary and expenses.
13. For the Fire Department for current expenses and salaries.
14. For the Water Department for current expenses and salaries.
15. For support of School and salaries of School Committee.
16. For payment of Insurance.
17. For Veterans' Benefits.
18. For Highways Exclusive of Chapter 81 and 90.
19. For Memorial Day.
20. For interest on Temporary Loans and Maturing Debt.
21. For Police Department.
22. For Tree Warden.
23. For Removal of Snow.
24. For Park Commissioners.
25. For Town Forest Committee.
26. For heating and maintenance of Fire Station and Town Office Building.
27. For maturing debt.
28. For Welfare Agent.
29. For Street Lights.
30. For Moth Department.
31. For Vocational Education.
32. For Regional School District Committee.
33. For Planning Board.
34. For Industrial Development Committee.
35. For Town Counsel current expenses and salary.

ARTICLE 7. To see if the Town will vote to have the surety of the Collector of Taxes, Deputy Collector of Taxes, Treasurer, Town Clerk,

Secretary of the Water Commissioners and Clerk of the Selectmen's bond placed with a fidelity or guarantee company, and appropriate a sum of money to pay for the same.

ARTICLE 8. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year, beginning January 1, 1961, and to issue a note or notes therefor, payable within one year and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

ARTICLE 9. To see if the Town will vote to raise and appropriate a sum of money for a Reserve Fund to provide for the extraordinary unforeseen expenses, as authorized by Section 6, Chapter 40, General Laws, or do or act in any manner relative thereto.

ARTICLE 10. To see if the Town will vote to accept the provisions of Chapter 90 of the General Laws, and raise and appropriate or transfer from unappropriated available funds in the treasury, a sum of money for Chapter 90 Highway Maintenance, or do or act in any manner relative thereto.

ARTICLE 11. To see if the Town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for Chapter 81 Highways, or take any action in relation thereto.

ARTICLE 12. To see if the Town will vote to raise, appropriate or transfer from available funds in the treasury, a sum of money for Chapter 90 Highway Construction (to continue the laying out and construction of Taunton Street, from Route 1 to the Wrentham line), or do or act in any manner relative thereto.

ARTICLE 13. To see if the Town will vote to raise and appropriate a sum of money to be used to pay additional land damages on George Street, awarded by the County Commissioners to Adoraz, Inc., or do or act in any manner relative thereto.

ARTICLE 14. To see if the Town will vote to raise and appropriate, or transfer a sum of money for the purchase of a new truck and snow plow for the Highway Department, or do or act in any manner relative thereto.

ARTICLE 15. To see if the Town will vote to raise and appropriate, or transfer a sum of money for the purchase of a Sand Spreader for the Highway

Department, and the money to pay for same be transferred from Road Machinery Reserve account, or do or act in any manner relative thereto.

ARTICLE 16. To see if the Town will vote to raise and appropriate an additional sum of money for the purchase or taking by eminent domain under Chapter 79 Massachusetts General Laws (T.E.) or otherwise, for purposes of the public water supply, the fee in the following described parcel of land:-

Starting at a point on East Bacon Street, 440 feet more or less, from the intersection of the tangents at the notherly corner of East Bacon and George Streets, then by East Bacon Street in an easterly direction 50 feet or more or less, thence by a stone wall marking the property of the Town of Plainville in a northeasterly direction 155 feet, more or less, thence on the same course 315 feet, more or less to an angle point; thence northwesterly 1090 feet, more or less, to an angle point, thence southwesterly 500 feet to the property of the Town of Plainville; then by land of the Town of Plainville 1130 feet, more or less, to the point of beginning; containing 13 acres, more or less; or do or act in any manner relative thereto.

ARTICLE 17. To see whether or not the Town will vote to authorize the Water Commissioners of the Town of Plainville:

To lay water mains of not less than 6 inches but less than 16 inches in diameter in East Bacon Street Easterly from the present stand pipe about 4,500 feet and to lay a water main 16 inches in diameter from this point easterly in East Bacon Street and Messenger Street to the junction of Taunton Street and Messenger, about 1,800 feet, and to lay water mains of not less than 6 inches but less than 16 inches in diameter in Taunton Street to the North Attleboro-Plainville Town line, and to raise and appropriate for this purpose \$103,000.00, and to determine the manner in which the foregoing appropriation shall be raised, whether by taxation or borrowing, by transfer of available funds or otherwise, or do or act in any manner relative thereto.

ARTICE 18 To see if the Town will vote to raise and appropriate or transfer from unexpended available funds the sum of \$20,000.00 for future improvements to the water system, or do or act in any manner relative thereto.

ARTICLE 19. To see if the Town will vote to establish a water department reserve account for purchase and maintenance of water meters, or do or act in any manner relative thereto.

ARTICLE 20. To see if the Town will vote to raise and appropriate, or transfer from unexpended available funds the sum of \$1,000.00, for the water department reserve account, or do or act in any manner relative thereto.

ARTICLE 21. To see if the Town will vote to raise and appropriate or transfer, the sum of \$1,294.11 or any other sum for the control of insects and Dutch Elm Disease (\$1,000.00 for Dutch Elm Disease and \$294.11 for insect control) as provided for under Chapter 132 for the General Laws as amended by Chapter 657 Acts of 1956, and to be expended under the direction of the Moth Superintendent, or do or act in any manner relative thereto.

ARTICLE 22. To see if the Town will vote to raise and appropriate the sum of \$2,334.15, this being the amount approtioned to Plainville as its share of the cost of the Norfolk County Retirement System, or do or act in any manner relative thereto.

ARTICLE 23. To see if the Town will vote to raise and appropriate the sum of \$23,000.00 for the carrying on of the different catagories of Welfare, made up approximately as follows:

General Welfare	\$2,500.00
Aid Dependent Children	1,000.00
Old Age Assistance	16,500.00
Disabled Persons	3,000.00

or do or act in any manner relative thereto.

ARTICLE 24. To see if the Town will vote to raise and appropriate the sum of \$200.00 or any other sum, for the purchase and installation of street and traffic signs, or do or act in any manner relative thereto.

ARTICLE 25. To see if the Town will vote to raise and appropriate a sum of money for the treatment of tuberculosis patients having a legal settlement in this town as provided for by Chapted 270, Acts of 1952, repealing Chapter 562 of the Acts of 1951, or do or act in any manner relative thereto.

ARTICLE 26. To see if the Town will vote to raise and appropriate a sum of money for Civilian Defense, or do or act in any manner relative thereto.

ARTICLE 27. To see if the Town will vote to raise and appropriate the sum of \$2,000.00 or any other sum to continue the new sidewalk program, or do or act in any manner relative thereto.

ARTICLE 28. To see if the Town will vote to raise and appropriate the sum of \$4,000.00 or any other sum to continue the drainage program, or do or act in any manner relative thereto.

ARTICLE 29. To see if the Town will vote to raise and appropriate or transfer the sum of \$11,000.00 for the purpose of completing Assessor's Map Program, which was started in 1959. The sum of \$5,000.00 to be raised by taxation and \$6,000.00 to be transferred from available funds, or do or act in any manner relative thereto.

ARTICLE 30. To see if the Town will vote to authorize the Selectmen to accept as a public way, the private way known as Elizabeth Street, Greenmeadow Estates, a distance of 650 feet easterly from West Bacon Street or do or act in any manner relative thereto.

ARTICLE 31. To see if the Town will vote to install two (2) street lights on Elizabeth Street, and raise and appropriate a sum of money to pay for same, or do or act in any manner relative thereto.

ARTICLE 32 To see if the Town will vote to install one (1) street light on West Bacon Street at intersection of Elizabeth Street, and raise and appropriate a sum of money to pay for same, or do or act in any manner relative thereto.

ARTICLE 33. To see if the Town will vote to install two (2) street lights for the Plainville Park Driveway, and raise and appropriate a sum of money to pay for same, or do or act in any manner relative thereto.

ARTICLE 34. To see if the Town will vote to extend the installation of water on Grove Street, between Bugbee and Brunner Streets, and raise and appropriate a sum of money to pay for same, or do or act in any manner relative thereto. (Petition by M. Roland Keith.)

ARTICLE 35. To see if the Town will vote to raise and appropriate or transfer a sum of money for the purchase of a station wagon type cruiser, four door, eight (8) cylinder, equipped with standard heater and all necessary identification for police cruiser, or do or act in any manner relative thereto.

ARTICLE 36. To see if the Town will vote to raise and appropriate, or transfer the sum of \$850.00 for the purchase of World War II and Korean War Memorial Monuments, said monuments to be purchased and erected by the American Legion War Memorial Committee, on the property of John Edward McNeill Post No. 217, the American Legion, on each side of the World War I War Memorial Boulder, or do or act in any manner relative thereto.

ARTICLE 37. To see if the Town will vote to amend Article XII of the Electrical By-Laws by striking it out in its entirety and inserting the following, or do or act in any manner relative thereto.  $\frac{2}{3}$  Vote

### WIRING DIVISION

#### ELECTRICAL WIRING

Section 1. Electrical Inspector, Appointment and Duties. The Board of Selectmen shall appoint an Inspector of Wires. The Inspector of Wires shall devote adequate time to the duties of his position to fulfill the requirements of this by-law. He shall be removed from office for cause, only, after a full hearing by the Board of Selectmen. Any violation of the provisions of any section of this by-law by the Inspector shall be sufficient cause for his removal from office, but he may be removed for other just causes.

The person chosen to fill the office of Inspector of Wires shall be a competent licensed electrician of good moral character, shall be possessed of such executive ability as is requisite for the performance of his duties and shall have a thorough knowledge of the standards and materials and methods used in the installation of electric wiring, electric devices, appliances and equipment; shall be well versed in approved methods of electrical construction for the safety of life and property, the statutes of the Commonwealth of Massachusetts relating to electrical work, the National Electrical Code as approved by the American Standards Association.

It shall be the duty of the Inspector to see that provisions of this by-law are enforced. He shall upon application grant permits for the installation or alteration of electric wiring, devices, appliances and equipment and shall make inspections of all new electric installations and re-inspections of all electric installations, all as provided in this by-law. He shall keep complete records of all permits issued, inspections and re-inspections made and other official work performed in accordance with this by-law.

The Inspector is empowered to employ after receiving the approval of the Board of Selectmen, any assistant inspectors and clerical assistants necessary for the proper conduct of his office and the inspection and

re-inspection of electric installations as provided for in this by-law. The salary of such assistants shall be determined by the Board of Selectmen.

Section 2. Authority of Inspector. The Inspector shall have the right during reasonable hours to enter any building in the discharge of his official duties, or for the purpose of making any inspection, re-inspection or test of the installation of electric wiring, devices, appliances and equipment contained therein, and shall have the authority to cut or disconnect any wiring in cases of emergency where necessary for safety to life or property, or where such wire or pipe may interfere with the work of the fire department. The Inspector is hereby empowered to disconnect or order the discontinuance of electrical service to any electric wiring, devices, appliances and equipment found to be dangerous to life or property because they are defective or defectively installed until such wiring, devices, appliances and equipment and their installation have been made safe as directed by him. The Inspector is authorized to delegate any of his rights or duties to any of his assistances.

Section 3. Permits. No wiring, devices, appliances and equipment for the transmission or distribution of electricity for any purpose shall be installed within or on any building or structure nor shall any alterations or addition be made on any such existing wiring, devices, appliances or equipment without first securing a permit from the Inspector.

Application for such permit, describing the work to be done, shall be made on forms furnished by the Inspector, by the person, firm or corporation installing the work, and permit, when issued, shall be to such applicant. The application shall be accompanied by such plans, specifications and and schedules as may be necessary to determine whether the installation as described will be in conformity with the requirements of this by-law and if the applicant has complied with all the provisions of this by-law, a permit for such installation shall be issued; provided, however, that the issuance of the permit shall not be taken as permission to violate any of the requirements of this by-law.

The permit when issued shall be for such installation as is described in the application and no deviation shall be made from the installation as described without the written approval of the Inspector. No permit shall be required for minor repair work, for the replacement of lamps or for the connection of portable devices to suitable receptacles which have been permanently installed. The installation, alteration or repair of electrical equipment installed by or for an electric utility company for the use of such company in the generation, transmission, distribution or metering of electricity.

Section 4. Annual Permits. Upon application therefor, annual permit shall be issued to any person, firm or corporation regularly employing one or more electricians for the installation and maintenance of electric wiring,

devices, appliances and equipment on premises owned or occupied by the applicant for the permit. The application shall be made in writing to the Inspector and shall contain a description of the premises within which work is to be done under the permit. The person, firm or corporation to which an annual permit is issued shall keep a record of all electric wiring, devices, appliances and equipment installed under said permit and the Inspector shall have access to such record. Each annual permit shall expire on December 31st of the year in which it was issued.

Section 5. Temporary Permits. When a certificate of approval is issued authorizing the connection and use of temporary work, such certificate shall be issued to expire at a time to be stated therein and shall be revocable by the Inspector for cause. A preliminary certificate of approval may be issued authorizing the connection and use of certain specified portions of an incomplete installation; such certificate shall be revocable at the discretion of the Inspector.

Section 6. Inspection and Certificates. Upon the completion of the work which has been authorized by the issuance of any permit except an annual permit, it shall be the duty of the person, firm or corporation installing the same to notify the Inspector, who shall inspect the installation as soon as is practicable; and if it is found to be fully in compliance with this by-law he shall issue to such person, firm or corporation a final certificate of approval with duplicate for delivery to owner, authorizing connection to the source of supply, the turning on of the electricity and the use of the installation, and shall send written notice of such authorization to the public service corporation furnishing the electric service.

At least once in each calendar month the Inspector shall visit all premises where work may be done under annual permits and shall inspect all electric wiring, devices, appliances and equipment installed under such permit since the date of his last periodic inspection. The Inspector shall issue a certificate of approval for such work as is found in conformity with the provisions of the by-law after the fee required has been paid.

If upon inspection, installation is not found to be fully in compliance with this by-law, the Inspector shall at once forward to the person, firm or corporation installing the wire, a written notice stating the defects that have been found to exist.

Section 7. Concealment of Work. When any part of a wiring installation is to be hidden from view by the permanent placement of parts of the building, the person, firm or corporation installing the wiring shall notify the Inspector and such parts of the wiring installation shall not be concealed until they have been inspected and approved by the Inspector or until 24 hours,

exclusive of Saturdays, Sundays and legal holidays, shall have elapsed from the time of such notification, providing that on large installations, where the concealment of parts of the wiring proceeds continuously, the person, firm or corporation installing the wiring shall give the Inspector due notice and inspections shall be made periodically during the progress of work.

Section 8. Re-inspection. The Inspector shall make periodically a thorough re-inspection of the installations of all electric wiring, devices, appliances and equipment now installed or that may thereafter be installed within the scope of this by-law. When the installation of any such wiring, devices, appliances or equipment is found to be in a dangerous condition or unsafe condition, the person, firm, or corporation using or operating the same shall be notified in writing and shall make the necessary repairs or changes required to place such wiring, devices, appliances and equipment in safe condition and have such work completed within 15 days or any longer period specified by the Inspector in said notice. Re-inspections shall be made at least once in every year of all electric wiring, devices, appliances and equipment in all automobile service stations, garages, hotels, rooming houses, apartment buildings, hospitals, schools, churches, theatres, auditoriums, and all other places used for public gatherings and seating more than sixty persons, and when the electric installation in any such building is found to conform with the provisions of this by-law, the Inspector shall issue a certificate of approval of the installation and no fee shall be charged for such re-inspection or certificate. Such certificate shall be kept posted in a certificate of approval of the installation and no fee shall be charged for such re-inspection or certificate. Such shall be kept posted in a conspicuous place in or upon such premises.

Section 9. Connection to Installations. Except where work is done under an annual permit, it shall be unlawful for any person, firm or corporation to make connection from a source of energy to any electric wiring, devices, appliances or equipment for the installation of which a permit is required until a certificate of approval has been issued by the Inspector, authorizing such connection and the use of such wiring, devices, appliances or equipment.

It shall be unlawful for any person, firm or corporation to make connections from a source of electrical energy to any electric wiring, devices, appliances or equipment for the installation of which a permit is required until a certificate of approval has been issued by the Inspector, authorizing such connection and the use of such wiring, devices, appliances or equipment.

It shall be unlawful for any person, firm or corporation to make connections from a source of electrical energy to any electric wiring, devices, appliances or equipment which has been disconnected or ordered to be disconnected by the Inspector or the use of which has been order by the

Inspector to be discontinued until a certificate of approval has been issued by him authorizing the reconnection and use of such wiring, devices, appliances or equipment.

Electric supply services which have been disconnected and from which meters have been removed by the public service corporation supplying service, shall not be re-connected until after certificate of approval has been issued by the Inspector.

Section 10. Installation Standards. All installations shall be in strict conformity with the provisions of this by-law, and the statutes of the Commonwealth of Massachusetts and the National Electric Code.

Section 11. Schedule of Fees for Electrical Work.

1. Annual Permits ..... \$15.00

2. Temporary Permits ..... 2.50

3. New Construction-Alterations or Additions — Fees based on the rate of \$1.50 per \$100.00 cost of electrical work up to \$7,000.00 cost of electrical work of fee of \$105.00. Electrical work above \$7,000 at the rate of \$1.00 per \$100.00 cost of electrical work. Minimum Fee — \$2.00. Maximum Fee — \$200.00.

Section 12. Liability for Damages. This by-law shall not be construed to relieve from or lessen the responsibility or liability of any party owning, operating, controlling, installing and wiring, devices, appliances or equipment for damages to persons or property caused by any defect therein nor shall the Town be held as assuming any such liability by reason of the inspection authorized herein, or certificate of approval issued as herein provided.

## PENALTIES

Section 13. Whoever violates any provisions of this By-Law shall be liable to a penalty not exceeding Twenty (\$20.00) Dollars.

Section 14. These by-laws shall take effect upon their publication or posting, acceptance and approval as required by law, and all the by-laws under Article XII previously adopted by the Town of Plainville are hereby repealed upon the date of such publication or posting, acceptance and approval.

Section 14a. SEPARABILITY CLAUSE.

If any provision herein, or application of such provision to any person or circumstance shall be held invalid, the validity of the remainder of this set

of by-laws, and the applicability of such provision to other persons or circumstances shall not be affected thereby.

ARTICLE 38. To see if the Town will vote to raise and appropriate, or transfer a sum of money to establish a Town Office Building Fund, or do or act in any manner relative thereto.

ARTICLE 39. To see if the Town will vote to raise and appropriate, or transfer from available funds in the Treasury, the sum of \$504.00 for the foreclosing of Tax Titles by the Treasurer as required by Chapter 185 of the Acts of 1946, or do or act in any manner relative thereto. (14 Tax Titles at \$36.00.)

ARTICLE 40. To see if the Town will vote to raise and appropriate, or transfer a sum of money to pay the following overdrafts. Snow Account \$710.29, Selectmen's C. & I. \$411.20, Board of Health, \$171.00, or do or act in any manner relative thereto.

ARTICLE 41. To choose any committee and to hear the report of any committee and act thereon.

And you are directed to serve this Warrant, by posting up attested copies thereof in seven (7) Public places in said town, seven (7) days at least before the time of holding said meeting.

Hereof fail not, and make due return of this Warrant, with you doings thereon, to the Town Clerk, at or before the time and place of said meeting as aforesaid. Given under our hands this third day of February in the year of our Lord one thousand nine hundred and sixty.
